HISTORY

Incorporated in 1983, The Modern was founded by entrepreneur and graphic designer Tim Potter of Yellow Springs, Ohio as the School of Advertising Art. Classes began in 1984, and the first students graduated from The Modern by earning a Diploma of Advertising Art in 1986. In 1999, Tim Potter purchased the current site of The Modern and constructed a new campus. The Modern expanded enrollment and began awarding Associate Degrees of Applied Business in 2000.

In 2007, Jessica Barry was named President of The Modern and began leading a new administration. Tim Potter retired from daily operations in 2009. Jessica purchased the college in 2013 and is the sole owner of The Modern.

In 2018, The Modern completed a building expansion, tripling its space. It also launched a Bachelor's Completion Program in Design Leadership and changed its name to The Modern College of Design.

In 2020, The Modern adopted a new standard academic year and offered new accelerated, part-time, and online programs with June and August start dates. The Modern was also recognized for its ninth consecutive year as a Top Design School by GDUSA Magazine.

For nearly 40 years, the college has been committed to continually updating its curriculum to meet the needs of the ever-evolving design industry and to providing employers with highly skilled professionals—a generation of designers.

CLOCK HOURS

Clock hours are the number of actual hours in class (lecture/discussion) or laboratory ("hands-on" experience). A clock hour is one hour of attendance that may, at the college's discretion, contain a 10-minute break. Thus a clock hour is at least 50 minutes of instruction.

STATE OF OHIO CREDIT HOUR POLICY

One credit is earned for every lecture/discussion hour per week, assuming two outside preparation hours for each class hour. One credit is earned for every two hours of laboratory work per week, assuming an additional hour of follow-up work for every two laboratory hours.

CLASS SCHEDULE

Classes are held Monday through Friday within the hours of 8:30am to 10:00pm.

CLASS SIZES

Class sizes range from 8–20 students per class. The small college environment at The Modern means you'll have the benefit of small class sizes. You won't be a number in a huge lecture hall. The small class sizes enable The Modern instructors to work with students one-on-one. The instructors will know your first name, and you'll be able to get help when you need it. The small

college environment also nurtures a strong sense of community among students.

FACULTY

The Modern's instructors are industry leaders and the college has a 13:1 student to instructor ratio. With the most up-to-date knowledge of software and design trends, The Modern faculty work one-on-one with each student. They guide students to design assignments that engage the target audience, are creative, visually appealing, and professionally executed.

These award-winning instructors have been honored by many design organizations in the U.S. The American Advertising Federation-Dayton named Jessica Barry as Educator of the Year in 2018 and Matt Flick in 2012 and 2009. GDUSA magazine named Jessica Barry as an Educator to Watch in 2019 and Matt Flick in 2017.

Faculty members also work as designers, photographers, illustrators, marketers, and writers, which ensures that they know the market as well as the art of design. Being immersed in the field enables faculty to be excellent mentors as students learn skills and explore the variety of design opportunities available.

The Modern is located on the corner of East David Road and Hempstead Station in Kettering, Ohio.

ADMISSIONS:

ADMISSIONS REQUIREMENTS AND PROCEDURES

Students wishing to apply for admission to The Modern follow this list of steps.

Complete a Virtual or On-Campus Career Planning Session: Schedule an appointment to meet with an Admissions Specialist for a Virtual or On-Campus Career Planning Session. During the session, the Admissions Specialist evaluates the prospective student's communication skills.

Submit Application: Soon after the Career Planning Session, the prospective student is invited to submit a FREE application for admissions through The Modern website. The application for admissions will measure prospective student's technical skills, leadership experience, and academic achievement.

Submit Samples of Artwork: Once the application for admissions has been submitted, the prospective student will have an opportunity to upload at least 8 samples of their artwork. Artwork can also be emailed to admissions@themodern.edu. Examples of artwork might include photography, graphic design, paintings, sketches, drawings, web design, video, animation, short writing samples, etc. Based on the submission, the Artwork Evaluation Committee will grade the prospective student's artistic/design abilities.

Those who do not possess samples of artwork can submit a two-page essay describing why they are passionate about pursuing a career in the design industry.

Meet Additional Requirements for Online Programs: Students applying for the Design or Design Leadership Online Programs, must score a 60% or higher on The Modern Online Assessment. The Online Assessment must be taken before acceptance into the online programs.

Achieve Conditional Acceptance:

The Modern considers applicants for conditional acceptance based on a five-tier rubric. Applicants are scored up to 10 points each for artistic/design ability, communication skills and academic achievement. Applicants are scored up to five points for technical skills, and up to three points for leadership experience. Applicants must meet a minimum of 20 points to be conditionally accepted. Acceptance is conditional until transcripts are approved and program-specific admissions requirements are met.

Submit Transcripts: Submit a valid high school and/or college transcript (or dated GED score report).

Students applying for the Design Leadership Programs must submit an official college transcript that reflects the equivalent of at least one year of full-time study of art or design in the progress of earning an Associate's Degree or the equivalent of one year of study in a Bachelor's Degree Program.

If the transcript reflects a grade point average below a 2.0 cumulative grade point, the student must complete the following steps:

a) Submit a 1-2 page essay describing how the student plans to achieve satisfactory progress at The Modern.

b) Submit two letters of recommendation. These letters should be written by academic educators or work supervisors who are familiar with the student's work ethic and potential for success at The Modern.

Students submitting transcripts awarded by online or correspondence high schools must provide proof that the awarding school or organization complies with one of the following criteria:

a) School or organization is authorized to offer online or correspondence high school diplomas by the state they are located within.

b) School or organization is approved in writing by the Ohio State Board of Career Colleges and Schools. If students participate in nontraditional education, students must submit a dated GED score report in place of a transcript.

Gain Final Acceptance: Once program-specific requirements are met, final acceptance will be granted.

Applicants are notified by the admissions team via phone, email and mail as to the status of their acceptance. Acceptance to The Modern will be honored for a period of one year.

Students who withdraw and want to re-enroll at The Modern must re-apply regardless of prior acceptance.

Enroll: After an applicant has gained conditional acceptance, he or she will be invited to complete an electronic Enrollment Agreement and pay the enrollment fee. The enrollment fee is \$125 and must be paid by the applicant to be officially placed on the roster.

Before signing the Enrollment Agreement, students are reminded to read the current Catalog and Student Handbook.

Conditional enrollment status is granted upon The Modern receiving the Enrollment Agreement and the enrollment fee. Enrollment is complete only after the student completes the following steps:

a) Achieves final acceptance.

b) Submits proof of graduation (official final transcript, diploma, or GED report).

c) Complete the Ohio State Board of Career Colleges and Schools' Student Consumer Information online course at Orientation.

Students cannot begin classes until enrollment is complete.

If a student chooses not to attend The Modern after enrollment is complete, the Enrollment Agreement will be cancelled, and a new Enrollment Agreement must

be complete by the student with a new class start date and program of choice. The student is not required to pay another enrollment fee if the student starts another program within 12 months

Enrollment Fee Waiver

Enrollment fee is waived for Modern graduates entering the Bachelor's Degree Completion Program.

Enrolment fee is waived for active-duty, veterans and their identifiable immediate dependents.

Prospective students who meet the above eligibility must notify their admissions specialist prior to submission of the Enrollment Agreement.

Complete Financial Aid Process:

Attend a virtual or in-person session with a financial aid specialist and complete the financial aid process.

TRANSFER OF CREDITS TO THE MODERN

A student wishing to transfer credits to The Modern must adhere to the regular admissions process. A student's postsecondary schooling and experience will be evaluated and appropriate credit may be granted.

This is a subjective assessment based on a review of course/grade transcripts and the catalog and/or syllabus from the college course(s) taken. In certain instances, a combination of courses may be considered as a transfer credit.

The Modern considers transfer credits from a variety of credit-granting institutions. Courses with a grade of "B" or higher are eligible for transfer consideration. Advanced Placement (AP) Exam scores of 4 and 5 are also eligible for consideration of credit.

Ohio students who participate in the College Credit Plus program may be eligible to transfer college credits to The Modern. The Modern will review student transcript submissions to determine transfer eligibility. Please be sure to have all transcripts from CCP courses sent to The Modern for review.

The Modern reserves the right to request a review of student work as a part of the transfer credit process.

To apply for transfer credit, submit a college transcript as well as a detailed syllabi and/or a detailed catalog listing to the Admissions Department for review and possible acceptance of credits.

To have AP Exam scores considered, visit apscore.org to request that AP scores be reported to The Modern.

TRANSFER OF CREDITS FROM THE MODERN

Although The Modern is nationally accredited, there is no guarantee that other colleges will accept credit or credit hours for coursework completed at The Modern. Transcripts can be sent by the Vice President of Student Affairs at the request of the student.

TRANSCRIPT REQUESTS

Only students may request a copy of their transcript as these records are protected by the FERPA privacy act. Family or friends are not permitted to access student records without the written consent of the student.

Student transcripts may be requested by contacting the Vice President of Student Affairs or completing the request form on The Modern's website. No transcript will be released if the former student has an outstanding financial balance. Requests will be reviewed, and the requester will be notified at the time of the order if the order cannot be fulfilled due to a financial balance.

FINANCIAL AID

APPLYING FOR FINANCIAL AID

To begin the financial aid process, schedule an appointment to meet with the financial aid staff to discuss your options. At your scheduled virtual or on campus appointment, a financial aid representative will guide you through the entire financial aid application process. It is not necessary to complete any financial aid paperwork before your scheduled appointment.

If you are under the age of 24, we strongly recommend that your parent(s) or guardian accompany you to the appointment.

Generally, anyone under the age of 24 (unless married) is considered financially dependent upon their parents or guardian (even if your parents or guardian are no longer paying for your living expenses).

If you are over the age of 24 and are financially independent, we still may require additional information from your parents or a cosigner.

Federal Income Tax returns and W2s may be necessary if requested by the Financial Aid office.

A student's eligibility for federal financial aid is determined using their EFC (Expected Family Contribution), the COA (cost of attendance), and the student's EFA (estimated financial assistance).

FREE APPLICATION FOR FEDERAL STUDENT AID (FAFSA)

Students begin the application process at their scheduled financial aid appointment. During this appointment, students will complete the Free Application for Federal Student Aid, known as the FAFSA. With information from your Federal Income Tax returns, The Modern financial aid staff can process your FAFSA electronically during your appointment. The information on your completed FAFSA determines your eligibility for federal grants and loans, and provides information for completing all other necessary financial aid forms.

FINANCIAL AID CHECKLIST

Students and parents must have the following items available during their financial aid appointment:

1. A signed copy of the student's (and spouse's if married) Federal Income Tax return, all schedules, and W2s.

If you do not have a copy of your Federal Income Tax return, you can request form #4506 from the IRS website, www.irs.gov, or by calling 800-829-3676 or 800-829-1040. Forms can also be obtained from The Modern Financial Aid Office.

2. If student is financially dependent, a signed copy of the parents' Federal Income Tax return, all schedules, and W2s. This is required in addition to the student's Federal Income Tax return. (Most students are financially dependent on parents; there are many federal guidelines that must be met to show financial independence.)

3. If student is an eligible non-citizen, bring qualifying documents.

If you are selected for verification by the Department of Education after applying for financial aid, you may be required to provide further documentation to the Financial Aid Office. Further documentation could include your driver's license, Social Security card, marriage certificate, proof of cleared default status for prior student loans, contact references, guardianship documents, and/or proof of untaxed income.

After you and your parents have completed all necessary financial aid paperwork at your appointment, you will be given an estimate showing the total financial aid for which you are eligible, and a listing of the types of aid you will be receiving for the upcoming school year.

Invoices will be mailed to students who are paying out-of-pocket tuition.

APPEAL OF AID TERMINATION

If a student feels his/her student aid was terminated unjustly due to mitigating circumstances, the student has 30 days to appeal to the President of The Modern or termination is considered final.

FUNDING OPTIONS

There are many ways in which you can fund your education at The Modern. The following sections outline various grants, loans, and institutional awards and scholarships. Additional sources of funding may be discussed in your financial aid appointment.

FEDERAL AID PROGRAMS

Federal aid is distributed for each semester for which a student is enrolled and is based on each student's EFC, enrollment status, and financial need.

Pell Grant

This grant is awarded based on financial need.

Ohio College Opportunity Grant

This grant is awarded based on financial need and awarded only to Design Leadership Program students.

Federal Direct Loan Programs

Direct Loans are low-interest loans for students and parents to help pay for the cost of a student's education after high school. The lender is the U.S. Department of Education rather than a bank or other financial institution. These loans will be discussed in the financial aid appointment.

To learn more visit www.studentloans.gov.

Federal Direct Subsidized Loan:

This is a student loan, and it must be repaid. The federal government pays the interest on this loan while you are attending college. The maximum amount a Year One student can borrow is \$3,500. A Year Two student can borrow a maximum of \$4,500. For your Year Three and beyond, the undergraduate annual subsidized loan limit is \$5,500. Your first payment on this loan will not be due until six months after you graduate or your last date of attendance.

Federal Direct Unsubsidized Loan:

This loan is available to undergraduate and graduate students. There is no requirement to demonstrate financial need. The college determines the amount you can borrow based on your cost of attendance and other financial aid you receive.

Federal Direct PLUS Loan: The Federal Direct Parent Loan for Undergraduate Students (PLUS) allows parents to borrow money to cover any costs not already covered by the student's financial aid package, up to the full cost of attendance. There is no cumulative limit.

Direct PLUS loans are the financial responsibility of the parents, not the student. A parent's eligibility for the PLUS loan depends on the results of a credit check. PLUS loan payments are now deferrable for six months after the student graduates.

PAYMENT PLANS

Payment plans are available to students under certain limited conditions. Students must have explored and been denied all other options for funding their remaining balance in order to qualify for a payment plan. The details of the payment plan must be agreed upon in writing by both The Modern and the student. The Modern reserves the right to cancel the agreement at any time due to nonpayment.

OUT-OF-POCKET PAYMENTS

Out-of-pocket payments are accepted in the form of credit card, cash, personal check, money order, or cashier's check. Cash will be accepted only if submitted in person. The Modern is not responsible for late or lost payments in the mail.

OPT OUT POLICY

Students can purchase required equipment and supplies at a discounted rate from The Modern. If you already own the required items or if you would like to purchase the items yourself, you have the option of opting out of The Modern's fees per the Opt Out Policy.

You will receive an Opt Out form with available options listed. The Financial Aid team will discuss these options during your Financial Aid appointment.

Option 1: Purchase the items from The Modern at a discounted rate.

Option 2: Opt out of The Modern's fee(s) and purchase the item(s) on your own.

Option 3: Opt out of The Modern's fee and use Title IV, HEA Program funds (Direct Loans, Direct Plus Loans, Pell Grants, etc.) to purchase the items on your own, if eligible. You will receive a stipend 10 days before the term begins.

OUTSIDE SCHOLARSHIPS

There may be many scholarships available that are not associated with The Modern. You should begin research on these potential scholarship options as soon as possible.

Your high school guidance counselor can be a helpful resource for information about locally awarded grants and scholarships. You might also look into the possibility of receiving scholarships from employers, trade associations, churches, and social/service organizations such as Rotary Club and Lions Club, local businesses, community organizations, etc. The Financial Aid staff may have other ideas for you to look into, as well.

CAREER SERVICES

CAREER SERVICES

The Modern College of Design is dedicated to providing ongoing employment assistance to all alumni, including recent and past graduates interested in advancing in their careers. 93% of graduates eligible for career services who began the program on August 25, 2014 (50 of 54) gained employment in the design field by July 30, 2017.

The Modern is committed to upholding these high standards of employment assistance and enhancing the employment success The Modern has achieved to date.

EMPLOYMENT ASSISTANCE

Graduates of The Modern will be ready to enter the job market by having prepared a professional portfolio, a resume, and website. Graduates of The Modern receive a weekly report of current employment leads in the field of design, as well as lists of prospective employers. The Career Services team communicates with graduates regularly by providing job leads, offering advice, and evaluating interviews. This communication continues with each interested graduate until they secure full-time employment in the design field. The Modern offers continuing employment assistance and a graduate may request employment assistance throughout their career.

The Modern will assist its graduates in choosing where to seek employment depending on the interests and strengths of the individual student. The Modern cannot guarantee employment for any graduate.

The quality of the graduates' professional education and portfolio in accordance with the job-seeking skills they have been taught will qualify them for entry-level positions in agencies, design firms, corporations, small businesses, technology companies, and nonprofit organizations.

PROFESSIONAL DEVELOPMENT

Professional development seminars educate students in methods of obtaining full-time employment as designers. Topics may include: interviewing skills and follow-up strategies; business etiquette and professional networking; professional correspondence including email, cover letters, and follow-ups; mock interviews and portfolio reviews; professional attire and workplace dress codes; sexual harassment, diversity, ethics, and other issues in the workplace; organizational structure and roles; presentation and articulation of design concepts; workplace communication; stress management; and issues surrounding work-from-home, contract, telecommute, and freelance job opportunities.

Guest lectures and portfolio reviews by design professionals, as well as visits to local agencies and companies may also be offered.

EXTERNSHIPS

Each student of the Design Program is assigned to an externship. Agencies, design firms, corporations, small businesses, technology companies, and nonprofit organizations participate in the program. Students are exposed to the experience of working in a professional design environment where they can apply what they have learned.

INTERNSHIPS

The Modern encourages students to pursue summer internships at agencies, design firms, corporations, small businesses, technology companies, and nonprofit organizations. Career Services notifies students about current internship opportunities, as well as contacts and personal guidance to interested students. No college credit is given and students are not permitted to work during The Modern class hours. (This information does not apply to the Design Program Externship course.)

CO-OP

In order to successfully complete the Design Leadership Program at The Modern, students are required to take a cooperative education experiential learning course (Co-Op). This course is designed to provide students with practical experience in the field of graphic design, while reinforcing the program's goals of providing them with skills in creative leadership by enhancing their ability to conceptualize, articulate, and direct teams. The Co-Op functions as the terminal evolution of the Design Leadership Program – effectively synthesizing the educational experience into a professional environment that allows the student to learn about workplace dynamics, effective business practices, and to self-manage and self-identify, including how to enhance personal credibility, resilience, and flexibility.

NETWORKING OPPORTUNITIES

Building a professional network as a student is as important as building a professional portfolio.

As part of the student's education, The Modern brings in professionals from design firms, agencies, and companies with local and global reach to interact with and educate our students.

These opportunities begin in their first year through regular presentations about the industry, delivered by veterans from around the country. They speak with students about what a graphic design career looks like in a variety of disciplines, from branding to UI/UX Design, and how to develop a portfolio that will help them land a job.

As students move through the program, they practice their interviewing skills through a series of mock interviews with hiring managers, human resources specialists, and other professionals in the field. Career Services provides feedback after each interview, helping the student hone their skills and become

CAREER SERVICES

more comfortable during a professional interview. These culminate in a full day of interviews with companies that have formed working partnerships with The Modern. This is another opportunity for students to meet with working professionals and receive feedback on their portfolios.

Career Services encourages students to attend networking events outside the school to discover opportunities for themselves and speak with design leaders in other cities. They have attended events with groups like the Columbus Society of Communicating Arts (CSCA), the Cincinnati branch of the American Institute of Graphic Arts (AIGA), and the Dayton and Cincinnati branches of the American Advertising Foundation (AAF). Students in our Design Leadership Program attend events each month with local leaders, providing a better understanding of what leadership looks like so they can apply it in their careers.

REVEAL

Reveal is an annual exhibition of graduates' design work. The Modern hosts the event each year for visiting professionals, giving them the opportunity to talk to graduates about their work, exchange business cards, and schedule interviews.

GRADUATE EMPLOYMENT

In recent years, the following companies have hired The Modern graduates:

Creative Director

After working as a successful designer or art director for a design firm or advertising agency, The Modern graduates are sometimes promoted to creative director. The creative director is responsible for the administration and direction of new and existing client work, supervision of art directors, and all creative work. Creative directors are key to the development of design strategy and marketing approaches. They often are involved in presenting new campaigns and ideas to clients.

Owner

The Modern graduates have gone on to open and operate successful design firms or agencies. Their responsibilities are both artistic and administrative. They oversee the development and growth of the company.

INCOME EARNED BY RECENT GRADUATES OF THE MODERN

The median starting salary of The Modern graduates reporting income who began the program in August 2015 was \$31,200.

TYPES OF EMPLOYERS

Specialized Design Firms

Specialized design firms allow students to focus on the creative aspects of marketing and allow for specialization in a specific type of graphic design work (examples might include, but are not limited to, mobile app development, website building, letterpress, animation/motion, video, etc.).

These typically smaller firms often partner with larger advertising agencies to fully deploy their work. Firms like this allow students to deeply explore one or two aspects of design, and truly become an expert in that discipline.

Advertising Agencies

Advertising agencies are multidisciplinary organizations that develop new ideas for companies and execute them through a variety of channels including print, radio, television, and the internet. Agencies allow students to see all parts of the advertising process from concept to execution to implementation.

Students will be exposed to the ways that graphic designers interact with other parts of the advertising process in an advertising agency and learn about account and brand management.

These organizations offer students a chance to expand their skills, since in many agencies each employee handles multiple aspects of the business.

In-House Design Departments

Companies often have their own design departments. These departments may not do all the work for the company, but they do a significant amount while maintaining the standards of the brand. Opportunities at in-house design departments allow students the opportunity to get experience working with one brand and experience the inherent challenges and interests that go along with that. It allows students to understand not only the graphic design side of the business, but how to balance creative desires with corporate directives and competition for resources.

Nonprofit Organizations

There are many organizations, from charities to church groups to foundations, that work for the good of a group of people. Design departments in many of these organizations are small and provide designers an opportunity to develop full campaigns for internal events or external marketing. They may be doing web design, motion graphics, social media posting, and more traditional marketing campaigns. The appeal of working for a nonprofit is the chance to be involved with most of the design decisions that can have an impact on the community.

ALUMNI SERVICES

In addition to career placement assistance, The Modern provides a variety of ongoing support services for alumni at any stage in their careers. The Modern's experienced administration and faculty are available for professional portfolio reviews and consultations. Alumni may also seek resume reviews and long-range career planning advice.

STUDENT SENATE

Student Senate provides students with a voice to share ideas for improving their college experience. Representatives are elected by the student body. Senate meets to discuss ideas and concerns, plan events, and implement ways for students to be involved in The Modern and in the community.

DAYTON ART INSTITUTE MEMBERSHIP

Each on-ground student receives a membership to the Dayton Art Institute. The collection spans 5,000 years of art history, and includes European and American art, as well as Oceanic art, Asian art, and decorative art. Themed exhibitions are scheduled regularly, and artwork created by The Modern students is often featured in the museum's cafe. Visit daytonartinstitute.org.

YMCA ACTIVITY PASS

On-ground students receive an Activity Pass to the South Dayton YMCA, just blocks from The Modern. The pass is valid at the South Dayton branch September 1 through August 31 each year that the student is enrolled. Visit ymcaonline.org.

THE MODERN EMAIL ACCOUNTS

Accounts do not expire due to inactivity, and remain open for one year after graduation. The account can/will be suspended if The Modern receives complaints of improper conduct or misuse.

The account will be deleted if a student withdraws or is dismissed.

PROVISION OF REASONABLE ACCOMMODATION(S) FOR EDUCATION PROGRAMS, ACTIVITIES, AND OTHER SERVICES

Policy of Nondiscrimination

It is the policy of The Modern College of Design not to discriminate against qualified individuals with disabilities and to provide reasonable accommodation(s), as required by law, to otherwise qualified applicants for admission of students with disabilities in all education programs, activities, services, and practices, including application procedures, admission, student assignments, course assignments, the awarding of degrees, discipline, and dismissal.

Educational opportunities will not be denied to an otherwise qualified applicant or student because of the need to make reasonable accommodation(s) or modification(s) for the physical or mental impairments of any such individual. Although this policy and procedure is largely described in terms of accommodations that may allow an applicant or student with a disability to meet the academic standards requisite to admission or participation in education programs, activities, and services, the policy is also applicable to accommodations involving the application process and to accommodations that would enable an applicant or student with a disability to enjoy equal benefits and privileges of education as are enjoyed by other similarly situated applicants or students without disabilities.

The procedures contained herein are not exclusive of other education-related inquiries that the school, in its discretion, may make as permitted or required by local, state, or federal law and in conformance with the Americans with Disabilities Act of 1990. To receive any special service or accommodation, the student must contact

the Vice President of Student Affairs and complete an application to initiate the process.

Counseling Services

The Modern is concerned with the whole student, not just the student's artistic and creative abilities. Life issues can impact a student's performance and a student may need assistance with coping skills, relationship issues, or other personal concerns. The Modern offers counseling conducted virtually by a licensed professional counselor to any student who requests it, free of charge.

Students can schedule a session by contacting the Vice President of Student Affairs. If the Vice President of Student Affairs is not available, students can contact the Student Success Advisor.

Student Advising

The Modern College of Design provides academic advising for students who request it. In addition, faculty members provide The Modern administration with weekly feedback about student performance and curriculum concerns. This helps to identify students who can benefit from early advising sessions.

Advising includes discussion of the concern and possible solutions that the student can work toward. Student Success advisors are available to help students with needed support in areas such as time management, tutoring services, test-taking and study skills, workload prioritization, removing distractions, and stress management. The advisor may also assist the student by putting them in contact with other staff members who might be of further help. If a student indicates that he or she may have a disability that affects their ability to learn in the classroom, the student should contact the Vice President of Student Affairs.

Tutoring

The Modern instructors are available for tutoring time outside of regular class hours. Students schedule time directly with their instructor; available office hours vary by instructor. Office hours are set each term.

RULES + REGULATIONS

ATTENDANCE POLICY

Students with four unexcused absences from any day course (courses offered 8 am-5:30 pm) and three unexcused absences from an evening course (6 pm-10 pm) will automatically drop a letter grade (8 percentage points) in that course, with the exception of PRO299 Externship.

Students with more than four unexcused absences from any day course and more than three unexcused absences from any evening course will automatically be withdrawn from the course. Students with more than two unexcused absences from the PRO299 Externship course will automatically be withdrawn from that course.

If a student is automatically withdrawn from any course due to violating the attendance policy, the withdrawal policy applies.

The Modern offers three class delivery styles, on ground, online, and hybrid courses. The term on-ground course refers to the traditional educational delivery where faculty and students meet face to face on The Modern campus. Online classes are delivered through distance education, using the internet, and a learning management system. Hybrid courses are a blend of traditional face to face classes and web-based online learning.

For all on-ground courses, a student is considered absent if not in the assigned classroom at the beginning of each class period. The beginning of the class period is defined by the exact scheduled start time. Students out of class for 10 minutes or longer without gaining verbal permission from their instructor will be marked absent. Sleeping during class is not permitted. If any student is observed sleeping by an instructor, the student is immediately dismissed for the remainder of the class period. This dismissal is recorded as an unexcused absence.

For all online courses, attendance in an asynchronous course is taken per week. To be considered present during class, students must participate in a way that can be documented by the instructor. Each instructor will communicate their attendance and participation requirements to their students. Examples of participation include but are not limited to: posting comments in a group chat or responding to questions in a discussion forum.

Students with two unexcused absences from an asynchronous online course will receive a letter grade drop at the end of the semester. Students with more than two unexcused absences from an asynchronous online course will automatically be withdrawn from that course.

For all hybrid courses, attendance will be taken twice a week. Attendance for on-ground classes will include being on time and present during your on-ground class. Attendance will also be taken through documented participation in a weekly discussion forum for the online portion of the class.

EXCUSED ABSENCES

The following is a list that includes, but is not limited to, absences from regular classes that The Modern might excuse. All decisions regarding excused absences from regular classes are at the discretion of the Vice President of Student Affairs. Formal documentation must be submitted within seven days of the student's return to campus to verify that the excused absence meets the requirements listed here. Documentation must include a phone number, which The Modern may call for verification.

Students experiencing COVID-19 related symptoms are encouraged to stay home and not report to campus. Any student who does not pass a daily health assessment, or who has symptoms or a confirmed case of COVID-19 will be considered to have an excused absence. These students should contact the Vice President of Student Affairs.

Note: This list is subject to change at any time. Excused absences will be evaluated at the discretion of the Vice President of Student Affairs.

SATISFACTORY ACADEMIC PROGRESS POLICY

Students receive a numeric grade for each assignment, a term average grade for each course, and a cumulative grade point average. To make satisfactory progress toward a degree, students are required to pass each course with a 77% term average or higher and maintain a cumulative GPA of 2.0 or higher at the end of each term. Students are informed of their academic progress twice during each semester and at the end of each term by receiving either an interim grade report or a final grade report that lists their term average grade in each course and cumulative GPA.

SATISFACTORY ACADEMIC PROGRESS POLICY FOR FEDERAL FINANCIAL AID APPLICANTS

Federal regulations (General Provision 34 CFR 668.34) require that The Modern College of Design review the academic progress of students who receive Title IV financial aid to ensure they are making satisfactory academic progress. These regulations apply to each financial aid applicant, whether a previous recipient or not. Satisfactory Academic Progress (SAP) standards consider both qualitative (grade based) and quantitative (time-based)

criteria and are composed of three areas as required by federal regulations. Students must meet the following SAP standards to maintain eligibility for federal student aid.

- The student must maintain a cumulative grade point average of 2.0.
- The student must demonstrate progress toward the completion of their degree by earning at least 66.67% of the credits attempted. Each semester, the total number of credits attempted will be compared to the total number of credits earned.
- The student must complete their degree within 150% of the length of the program. This SAP policy relates specifically to students who apply for and/or receive federal financial aid.

In addition to meeting the standard for receiving financial aid, students must also meet the academic standards of the college.

TITLE IV FINANCIAL AID PROGRAMS AFFECTED

Title IV Financial Aid programs affected by the SAP policy for federal financial aid applicants include Federal Direct Student Loans, Federal Direct PLUS Loans, and Pell Grants.

EVALUATION PERIOD

Satisfactory Academic Progress (SAP) evaluations will be completed at the end of each payment period after final grades are posted. This review will determine academic eligibility for the upcoming payment period. Every student who applies for financial aid must be making Satisfactory Academic Progress at the end of each payment period, regardless of whether they are a first-time applicant or have received financial aid in the past. Any future federal financial assistance offered is subject to cancellation if the minimum standards of satisfactory academic progress were not met in the prior payment period. All students will be reviewed each payment period until the completion of

their academic program of study. Student records will be reviewed by the Director of Financial Aid and Vice President of Student Affairs. If a student fails to meet the SAP guidelines, the student will be notified via a letter from the Director of Financial Aid.

REQUIRED GRADE POINT AVERAGE

Federal regulations require the student to meet minimum cumulative GPA standards to retain eligibility for aid. At the end of each payment period a student must attain a C average or 2.0 cumulative GPA. The following courses do not count toward the SAP GPA:

- Courses student has withdrawn from*
- Courses completed by transfer credits

*Federal regulations do not allow for the exclusion of courses in which a student has remained past the withdrawal deadline.

The following courses do count toward the SAP GPA:

- Completed courses
- Failed courses**

**If a student successfully completes a previously failed course, the passing grade replaces the failing grade.

REQUIRED COMPLETION RATE

Federal regulations require that a student must make steady progress (pace) through the program to ensure they will graduate within the maximum time frame. The pace at which a student is progressing is calculated by dividing the total number of hours the student has successfully completed by the total number attempted. The student must successfully complete 66.67% of the courses attempted to maintain eligibility for financial aid.

MAXIMUM TIME FRAME FOR DEGREE COMPLETION

Federal regulations specify that a student must complete their degree within 150% of the published length of the program. Therefore, the maximum time frame to

complete the fall start, Design Program is 97.5 credit hours and/or 33 months for full-time enrollment. For part-time 97.5 credit hours and 58.5 months. For summer start, 97.5 credit hours and/or 27 months. For part-time summer start, 97.5 credit hours and/or 57 months. For full-time online 97.5 credit hours and/or 24 months and for part-time online 97.5 and/or 58.5 months. The maximum time frame to complete the fall start Design Leadership Program is 90 credit hours and/or 33 months for full-time enrollment. For fall start part-time 90 credit hours and/or 54 months. For summer start 90 credit hours and/or 27 months. For part-time summer start 90 credit hours and/or 54 months. For full-time online 90 credit hours and/or 24 months. For part-time online 90 credits hours and/or 54 months. A student is ineligible for federal financial aid (via the maximum time frame requirement) when it becomes mathematically impossible to complete the degree within the months indicated. If a student becomes ineligible, they can file an appeal.

SAP STATUS

Financial Aid Warning Status

After the payment period in which a student does not meet SAP standards, they will be placed on Financial Aid Warning. The student will have the next payment period to bring their SAP components up to meet SAP standards. If the student still does not meet the SAP requirements after the warning semester, federal aid is suspended for all subsequent semesters.

APPEAL PROCESS

If student federal aid is suspended due to unsatisfactory SAP status, the student has the option to submit an appeal. To appeal the student must submit the Satisfactory Academic Progress Appeal form and include a personal statement that explains the extenuating circumstances that kept them from being successful. Examples of extenuating circumstances are a personal injury or illness, death of a relative, or

RULES + REGULATIONS

other circumstances as determined by the college. The personal statement must also explain how their circumstances have been resolved and how they will be successful in the future. The appeal must be submitted to financial aid staff and will be evaluated by the Financial Aid Director. The student will receive a decision to the appeal in writing within two weeks of receiving the completed appeal. A copy of the appeal and The Modern's decision will be provided to the Vice President of Student Affairs. If the appeal is approved, the student will be placed in a probation status given a Financial Aid Academic Plan will be sent to them within two weeks of the approval that will describe the terms of their financial aid probation. Students who fail to meet the terms of their probation will revert to suspension status at the end of the unsatisfactory payment period. An appeal may be placed in a pending status if it is incomplete or additional information is requested. If the appeal is denied, the student may appeal again. There is no limit to the number of appeals a student can submit if they can document that there are new circumstances preventing them from making SAP.

Seeking an Additional Degree

If a student decides to seek to earn an additional degree while on financial aid probation, they must complete a new appeal explaining why they are seeking an additional degree and how this new degree will help them to be successful.

Re-establishing SAP

If a student decides not to appeal or their appeal is denied, they have the option of paying out of pocket for 12 credit hours in which they maintain a 2.0 GPA during these courses or until SAP standards are back in an acceptable status.

GRADING POLICY

Students receive reports of their grades at the end of each term. The Modern uses the following grading scale:

93-100	A Excellent
85-92	B Good
77-84	C Satisfactory
0-76	F Failing

Students also have online access to their grades and attendance through Moodle Cloud. This service is provided to all students and access is given on their first day of classes.

REGRADE POLICY

Note: This policy only applies to the Design Program. Year One students are permitted to redo one assignment within one course per semester. The assignment may be redone once with the second grade substituted for the first, if better. Please note that a redo assignment will be graded no higher than 77%. In other words, any assignment receiving a grade of 77% or higher does not qualify for a redo. All redo assignments are due by 5pm two days before the end of the semester and must be submitted to the instructor or, if the instructor is unavailable, the associate at the front desk. Year Two students are not permitted to submit redo assignments.

LATE ASSIGNMENT POLICY

On-Ground Late Assignment Policy

If a student submits an assignment one class period late, the instructor deducts ten (10) percentage points from the grade earned on the assignment. For example, if a student turns in an assignment one class period late and earned a grade of 87%, the grade is lowered to a final grade of 77%. If a student submits the assignment more than one class period late, the student receives zero (0) points for the assignment.

Only the student may turn in the assignment. In other words, no other person may turn in the assignment for

the student. It is the sole responsibility of the student to turn in the assignment to the instructor (in person, on the server, or through email, depending on the assignment specifications). It is not the responsibility of The Modern instructor to request the student to turn in the assignment.

Online or Hybrid Late Assignment Policy

If a student in an online or hybrid course submits a project or assignment within 48 hours of the deadline, the instructor deducts ten (10) percentage points from the grade earned on the assignment. If a student in an online or hybrid course submits the assignment more than 48 hours after the deadline, the student receives zero (0) points for the assignment.

MAKE-UP POLICY

Listed below are two circumstances where a student may qualify for a make-up schedule.

Attendance Make-up Policy

If a student is absent for three or more complete consecutive days, the student may develop a make-up plan with each instructor whose assignments were affected by the student's absence. The Vice President of Student Affairs will accept or deny the request for a make-up schedule agreement based upon, but not limited to, the following: current term status of the student's attendance, grades, and regular scheduled class time remaining in the term.

If the student does not meet the deadline for make-up work, the policy regarding late assignments goes into effect. If the student fails due to zeros on assignments, the rules regarding failure go into effect.

Technology Make-Up Policy

If a student's laptop or digital camera requires unavoidable maintenance or repair, the student may develop a make-up plan with each instructor whose assignments were affected by the student's equipment issues. The student must

provide written proof to the Vice President of Student Affairs (invoice or work order) listing the dates of their equipment's maintenance. After supplying written proof, the student must request a make-up schedule agreement from the Vice President of Student Affairs and schedule new due dates with instructors.

The student has one week from the date their equipment maintenance issues are resolved to complete the make-up schedule agreement.

If the student does not meet the deadline for make-up work, the policy regarding late assignments goes into effect.

COURSE CANCELLATIONS

Courses in which fewer than five students register may be canceled. Student Success Advisors will assist students in re-registering for canceled courses.

INDEPENDENT STUDY

Students may request to take a course through independent study by submitting a request form to the Vice President of Student Affairs. All requests will be evaluated and approved by the Chief Academic Officer.

The independent study must be relevant to the program and will include comprehensive educational objectives. The student must meet regularly with the independent study faculty.

Only ten percent of the program may be offered via independent study. Students who transfer 75% of the required credits into the school may not be awarded credit for independent study in the remaining 25% of the curriculum.

ACADEMIC INTEGRITY

The Modern College of Design promotes a high level of academic integrity to ensure that students master the required skills needed for employment after graduation and to set a strong foundation for the future careers of its graduates. Students

are responsible for meeting The Modern's Standards of Academic Integrity and will face discipline, including possible dismissal, if these standards are violated.

Standards of Academic Integrity

The Modern College of Design expects students to complete all assignments with a high level of academic integrity by respecting the work of others and presenting their own work honestly. Students are responsible for understanding the requirements of each assignment regarding research, writing, collaborative work, the appropriateness of collaboration, and other issues.

Violations and Consequences

Plagiarism Violation

Students are prohibited from plagiarizing the work of another and submitting it as their own. Plagiarism includes, but is not limited to, the presenting as one's own: ideas, design, illustration, photography, web coding, or words of another.

The Modern shall have the sole discretion to determine whether a student's work is plagiarism. If there is any suspicion on the part of the instructor regarding whether the work being turned in is the student's work, The Modern reserves the right to verify its origin in the following ways:

1. Reviewing the source files for the assignment(s).
2. Requiring the student to demonstrate their skills in front of their instructor and/or other faculty and staff of The Modern.
3. Requiring the student to show thumbnails, notes, research materials, and/or brainstorming materials used in the creation of the assignment(s).

A student who has submitted a plagiarized assignment(s) shall be subject to, but not limited to, the following consequences:

1. Plagiarism (first offense): The student receives a written warning and a zero on the assignment, and will be required to redo the work in order to qualify for a

grade. The regrade cannot exceed 77%. The student will also be ineligible for The Modern's Honors List.

2. If a student fails a course after the regraded plagiarized assignment(s) is calculated into his or her course grade, the student will fail such course(s)

according to rules and regulations regarding grading in this catalog.

3. Plagiarism (additional offense(s)): The student fails the course that included the assignment in question. The student is required to retake and successfully pass the course before being eligible for graduation. Repeated violations or violations that are deemed especially egregious by the President may result in permanent dismissal.

Cheating Violation

Students are prohibited from cheating on assignments. Cheating includes, but is not limited to, submitting assignments containing falsified data, using unauthorized aids to complete assignments, receiving inappropriate assistance from another, and copying the work of another. The Modern shall have the sole discretion to determine whether a student has cheated on an assignment. If there is any suspicion on the part of the instructor regarding whether a student has cheated, The Modern reserves the right to verify the origin of the student's work in the following ways:

1. Reviewing the source files for the assignment(s).
2. Requiring the student to demonstrate their skills in front of their instructor and/or other faculty and staff of The Modern.
3. Requiring the student to show thumbnails, notes, research materials, and/or brainstorming materials used in the creation of the assignment(s).

RULES + REGULATIONS

A student who has cheated shall be subject to, but not limited to, the following consequences:

1. Cheating (first offense): The student receives a written warning and a zero on the assignment, and will be required to redo the work in order to qualify for a grade. The regrade cannot exceed 77%. The student will also be ineligible for The Modern's Honors List.

2. If a student fails a course after the regraded assignment(s) is calculated into his or her course grade, the student will fail such course(s) according to rules and regulations regarding grading in this catalog.

3. Cheating (additional offense(s)): The student fails the course that included the assignment in question. The student is required to retake and successfully pass the course before being eligible for graduation. Repeated violations or violations that are deemed especially egregious by the President may result in permanent dismissal.

Inappropriate Assistance Violation

The Modern promotes collaboration in the classroom and on assignments when deemed appropriate by faculty. Students are prohibited from assisting other students on individual assignments or aiding other students in presenting their work dishonestly. Inappropriate assistance includes, but is not limited to, assisting others on individual assignments and allowing another student to submit one's work as their own. The Modern shall have the sole discretion to determine whether a student has provided inappropriate assistance to others on an assignment. If there is any suspicion on the part of the instructor regarding whether a student has provided inappropriate assistance to another student on an assignment, The Modern reserves the right to verify the origin of the assignment in the following ways:

1. Reviewing the source files for the assignment(s) of the student thought to have provided inappropriate assistance, as well as source files for the assignment(s) of the student thought to have received inappropriate assistance.

2. Requiring the student thought to have provided inappropriate assistance, as well as the student thought to have received inappropriate assistance to show thumbnails, notes, research materials, and/or brainstorming materials used in the creation of the assignment(s).

A student who has provided inappropriate assistance to another student on an assignment(s) shall be subject to, but not limited to, the following consequences:

1. Inappropriate Assistance (first offense): The student will receive a written warning. The student will also be ineligible for The Modern's Honors List.

2. Inappropriate Assistance (additional offense(s)): The student fails the course that included the assignment in question. The student is required to retake and successfully pass the course before being eligible for graduation. If the student is not currently enrolled in the course in question, the President will determine an appropriate sanction. Repeated violations or violations that are deemed especially egregious by the President may result in permanent dismissal.

Additional Violations of Any Type

Additional violations of The Modern's Standards of Academic Integrity, whether the violation is the same type of violation as the first offense or a different type of violation, will result in the student failing the course that included the assignment in question. The student is required to retake and successfully pass the course before being eligible for graduation. Repeated violations or violations that are deemed especially egregious by the President may result in permanent dismissal.

Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code).

Penalties for copyright infringement include civil and criminal penalties.

In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For "willful" infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorney's fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines up to \$250,000 per offense. For more information, please see the website of the U.S. Copyright Office at copyright.gov.

Appeals

If a student wishes to appeal an academic integrity violation decision, the student should follow The Modern's internal grievance process.

PROBATION POLICY

A student is placed on probation if either the student's average in any course drops below 77% or if the student fails to earn a cumulative grade point average of 2.0 or higher when interim grade reports are distributed at the end of each term. A student placed on probation remains on probation until the student earns a 77% in each course and a cumulative GPA of 2.0.

GRADUATION REQUIREMENTS

Successful completion of all courses with a 77% term average or higher and a cumulative grade point average of 2.0 or higher are required. Full payment of all tuition and fees are also required for graduation.

FAILURE POLICY

A term average below 77% in any course or a cumulative grade point average below 2.0 is considered failing.

Students who fail a course by earning a term average below 77% or do not complete a course are encouraged to make up the course by repeating the course.

After the student successfully completes the failed course, the passing grade will replace the original grade. The student's grade point average then reflects the most current completed courses. If a student fails a course on the second attempt, the student is not able to re-take the course and will be dismissed from the program.

WITHDRAWAL POLICY

Course Withdrawal

To withdraw from a course, a student must submit a Course Withdrawal form to the Vice President of Student Affairs.

Students who withdraw from a course on or before the last day of week 1 of classes will receive no notation on their transcript about enrollment in the course.

Students who withdraw from a course between the first day of week 2 of the term and 60% or less of the term will receive a transcript notation of "W."

Students who withdraw from a course beyond 60% completion of the term will receive a "WP" if their class average is passing at the time of withdrawal; they will receive a "WF" if their class average is failing at the time of withdrawal.

Grades of "W," "WP," and "WF" are not calculated into the final GPA, but do count as one of the student's two permitted attempts to pass the course.

Program Withdrawal

Students who wish to withdraw from a program must submit a Program Withdrawal form to the Vice President of Student Affairs. In the absence of any notification, a student is considered withdrawn after 10 consecutive days of absence or failure to enroll in the next term.

Students must meet with The Modern's Director of Financial Aid to complete any necessary paperwork and to arrange for payment of any remaining balance on their account.

READMISSION POLICY

For the purposes of this policy, Spring Term is considered a part of Semester 2.

A student who has withdrawn may be granted readmission, at the discretion of the Vice President of Student Affairs.

The student will be required to undergo a Readmissions Interview, where they will be asked to present a portfolio and discuss their previous academic performance and future plans.

To be considered for readmission, students must meet the criteria of having paid all past fees, and they must not have exhibited conduct detrimental to the education or welfare of other students or themselves, extreme absenteeism, or destruction of property.

The Vice President of Student Affairs will evaluate and make the decision to approve any requests for readmission. The Vice President of Student Affairs will consider the work ethic, attitude, and motivation that were exhibited by the student while attending The Modern.

A student granted readmission may be required to take additional terms of instruction for programs and/or courses that have been added or modified since the student attended The Modern. If a student repeats a course, the new grade replaces the previous grade.

MAXIMUM TIME FRAME POLICY

The maximum time frame is the time allowed for a student to complete a program of study. Federal regulations specify that a student is expected to complete their graduation requirements within 150% of the published normal completion rate of the program, expressed in credit hours. If at any time it becomes mathematically impossible for a student to complete the program within the maximum time frame, the student will be dismissed from the program. For example, if a student is enrolled in a 65 credit hour program, the student will no longer be allowed to continue after having attempted more than 97.5 credit hours ($65 \text{ credit hours} \times 150\% = 97.5 \text{ credit hours}$).

STUDENT CANCELLATION/TERMINATION POLICY

Applicants who have not visited the school prior to enrollment will have the opportunity to withdraw without penalty within three business days following either the regularly scheduled orientation or following a tour of the school facilities and inspection of equipment where training and services are provided. All monies paid by an applicant must be refunded if requested within five days after signing an enrollment agreement and making an initial payment. An applicant requesting cancellation more than five days after signing an enrollment agreement and making an initial payment, but prior to entering the school, is entitled to a refund of all monies paid minus the enrollment fee.

REFUND POLICIES

No payments will be accepted by The Modern until a student is accepted and an enrollment agreement is submitted. All tuition and fees paid are refundable prior to the commencement of classes, with the exception of the enrollment fee. The enrollment fee is refundable if the college is notified in writing within five days of signing the enrollment agreement, but prior to the commencement of classes.

RULES + REGULATIONS

A student's enrollment may be terminated temporarily or permanently by The Modern for nonpayment of tuition and fees.

Refunds will be made within 30 days of the date of withdrawal determination. The Modern will calculate refunds under the Statutory Pro Rata Refund Policy (first-time, first-term students only) or State of Ohio Refund Policy and the Institutional Refund Policy. The method providing the most favorable refund to the student will be used. All refunds are based on the specific amounts of each term's tuition and fees.

Statutory Pro Rata Refund Policy

(This applies only to students in the first payment period, first term, of their first year). Withdrawal within the first 60% of the term - Pro Rata refund less any unpaid charges.

Return of Title IV Funds Policy

For any student terminating their program of study after entering The Modern College of Design and before completing at least 60% of the payment period or period of enrollment (the term the student was currently enrolled in), the statutory Return of Title IV Funds policy will be implemented. This policy will calculate the amount of financial aid funds earned by the student during their enrollment.

The Modern College of Design will calculate the amount of Title IV aid that was earned based on a payment period basis (per term). Refunds will continue to be calculated by the enrollment period. The institution will determine:

1. The Title IV aid disbursed or that could have been disbursed.
2. The percentage of Title IV aid earned by the student.
3. The amount of Title IV aid earned by the student.
4. The total Title IV aid to be disbursed or returned.
5. The amount of unearned Title IV aid to be returned by The Modern.
6. The amount of unearned Title IV funds to be returned by The Modern.
7. The initial amount of unearned Title IV funds to be returned by the student.
8. The final amount of unearned Title IV funds to be returned to each program by the student.

The following is The Modern policy for refunds back to Title IV programs:

1. Federal Direct Unsubsidized Loan
2. Federal Direct Subsidized Loan
3. Federal Direct PLUS Loan
4. Pell Grant

The student will be responsible for any tuition, fees, books, or equipment not covered by Title IV funds.

INFORMATION REGARDING THIRD-PARTY REFUNDS/RETURN OF FUNDS

The best source of information regarding third-party refunds or return of funds is the Director of Financial Aid. Important information is also available in the document titled "The Student Guide," for the current financial aid year from the U.S. Department of Education.

Institutional Refund Policy

Withdrawal within 1st calendar week:
25% Retained

Withdrawal within 2nd calendar week:
50% Retained

Withdrawal within 3rd calendar week:
75% Retained

Withdrawal within 4th calendar week:
100% Retained

Special Cases

In case of a prolonged illness, accident, or a death in the family, a judgment will be made by the President of The Modern to consider as to whether a refund is fair and reasonable to both parties. Fees for special assignments will be refunded in full if the assignments the fees were intended to cover have not begun. All late fees are nonrefundable.

LATE BALANCE

If a student of The Modern's balance has not been paid in full by the 15th business day of the current term, that student will be immediately dismissed from The Modern and receive no credit for any courses taken. An exception may be made if one of the following special circumstances applies:

1. Student has initiated a consultation with The Modern's Director of Financial Aid, prior to the above deadline.
2. Student has met with The Modern's Director of Financial Aid and arranged a comprehensive payment plan for the total balance of their tuition, prior to the above deadline.
3. Student has returned all requested financial aid paperwork to The Modern's Director of Financial Aid to be processed, prior to the above deadline.
4. Student and The Modern's Director of Financial Aid have made a payment agreement and student is currently showing cooperation in said agreement, prior to the above deadline.

The student's balance, including all fees, must be paid by graduation. If a student has an outstanding balance at the time of graduation, the student will be permitted to walk at the graduation ceremony, but their degree certificate will be withheld until their balance has been paid in full.

LIBRARY RULES & REGULATIONS

The Modern's Library is open Monday through Friday while classes are in progress. Books and magazines may be checked out for one week. Graphics tablets, iPads, and CD/DVD drives may be checked out for one day. Items must be returned on the due date or renewed. Knowing the correct due date is the responsibility of the student. Removing materials from the library without checking them out is grounds for dismissal from The Modern.

Overdue fines are \$.50 per day. If an item is not returned within two days of its due date or is returned damaged, the cost of the item will be added to the student's account. All library fees must be paid in full in order to qualify for entering the next term and in order to graduate.

EQUIPMENT SIGN-OUT POLICY

Equipment owned by The Modern may be signed out by current students. The equipment may be signed out for a maximum of one day and must be returned by the next school day by the posted time.

Removing equipment from The Modern without signing it out is grounds for dismissal.

Overdue fines are \$20.00 per day and if the equipment is not returned within two days of its due date or is returned damaged, the full cost of the equipment will be added to the student's account. All fees for signing out equipment must be paid in full in order to qualify for entering the next term and in order to graduate.

DRESS CODE

Students who choose to wear clothing with offensive, inappropriate, or racist statements, or clothing that does not cover their bodies appropriately may be dismissed for the day with penalty of an unexcused absence.

PRINTING ABUSE

Use of the printers will be monitored. Excessive use or abuse by an individual student will be addressed by administration and additional fees may be required.

STUDENTS' RIGHTS

Students' rights include, but are not limited to, the following: access to their college records, confidentiality regarding personal data, and the appeal of any grade they believe to be unfair.

CONDUCT AND DISMISSAL

The Modern College of Design reserves the right to permanently dismiss any student whose conduct is detrimental: to the learning environment within the classroom, to the well-being of fellow students and/or faculty members,

to the appearance or structure of the college campus; or who otherwise displays conduct detrimental to his/her own progress in learning and ultimate success in design. Students may also be dismissed for violating The Modern's rules and regulations, exhibiting poor progress, financial delinquency, or excessive absenteeism. In the event that dismissal becomes necessary, The Modern will adhere to the approved refund policies.

PROPERTY DAMAGE

Damage to property of The Modern is prohibited. This includes all property and belongings, such as vending machines, furniture, equipment, carpeting, computer hardware or software, parking lot, lawn, etc. Action taken following any physical damage inflicted on the aforementioned may include payment for damage and permanent dismissal from The Modern. Permanent dismissal of any student may be determined by the amount of monetary damage to The Modern property and is at the discretion of the President of The Modern.

WARNING AGAINST ILLEGAL DOWNLOADING

Students must not illegally download creative content, including but not limited to any licensed materials or intellectual property of another, music, movies, or other entertainment media using the Internet connection provided by The Modern College of Design. It is against the law, and also against The Modern policy to illegally download such materials. If it is discovered that a student has ignored this ban on downloading, the student takes full responsibility for his/her actions and will indemnify and hold harmless

AAES, Inc. including all costs, attorney fees, or lost faculty and/or administration staff fees associated with the defense of any claim.

AUTHENTICATION POLICY

The Modern will ensure the verification of the student who registers in an online course or program is the same student who participates in and completes the course or program and receives the academic credit by using a secure login and passcode provided to access Canvas. These credentials are confidential, and sharing access to login information or any coursework is a violation of our academic integrity policy. Students who violate the policy will be subject to the consequences of cheating violations listed in our catalog.

TECHNOLOGY ASSESSMENT/ ORIENTATION FOR ONLINE STUDENTS

In addition to completing the required Admissions Requirements, online (distance education), applicants will be required to complete a technology assessment and orientation course on Canvas. The orientation module explains the best practices for conducting online learning, the overall operation of the Online platform, procedures for troubleshooting problems, and contacting the technical support team. At the end of the orientation course, students will need to complete a checklist that confirms the students have received sufficient instruction. Applicants will also be required to complete a self-assessment of online learning readiness. This self-assessment assesses whether the student has the necessary skills, competencies, and access to technology to succeed in a distance education environment. Applicants for online degree programs are required to have access to a reliable computer capable of running multimedia applications and navigating media-rich websites. Applicants are also required to have access to a reliable high-speed internet connection.

Ownership of Instructional Materials

By law, under the Work for Hire principle, The Modern College of Design is the owner of intellectual property and educational materials created and developed by the faculty within the scope of their employment. Instructional materials include, but are not limited to, teaching materials in print and electronic format, slides, lecture notes, audio, and video recordings, software, assessment tools, manuals, and any other means of dissemination knowledge or expertise.

Faculty who develop educational materials within the scope of their employment are granted a non-exclusive, no-cost license to use the materials as part of any of their teaching or scholarly functions inside or outside of The Modern.

When faculty leave The Modern or are no longer able to teach their course, The Modern continues to own the educational materials and retains the right to use and revise the works developed for a course.

Ownership of Student Materials

Works by students belong to the students because they are entitled to copyright protection. Faculty need to get permission from the students to copy and distribute their works, which can be done by having the students sign a waiver.

Copyright Policy for Faculty, Staff, and Students

Following compliance with federal copyright law is required by all faculty, staff, and students.

Copyright infringement is the unauthorized reproduction, use, or display of copyrighted works without the permission of the copyright owner. Copyrighted works include, but are not limited to, literary, musical, dramatic, and audiovisual works. In general, the use of any copyrighted works requires permission from, and potentially payment to, the copyright owner.

The Modern faculty, staff, and students are encouraged to utilize works that can be found using The Modern Library's digital resources, works that are in the public domain, or works that can be found on an open-access resource website. For all other works, it is the individual responsibility of the faculty, staff, or students to obtain written permission for use from the copyright holder.

It is recommended that students participate in such trips away from The Modern in the presence of faculty. Valuable information may be learned by students who choose to attend these field trips. The Modern holds no responsibility for a student's safety, personal belongings, or well-being while traveling to, returning from, and while participating in such optional field trips. Field trips to agencies, design firms, printers, museums, etc. are not required.

Students who choose not to attend field trips may be required by their instructors to complete an alternate assignment covering the objectives of the field trip.

Students will not hold The Modern liable for any injuries incurred traveling to, returning from, and while participating in such optional field trips.

RECREATIONAL OR SPORTS RELATED ACTIVITIES ON THE MODERN PROPERTY

The Modern provides various leisure and sports equipment for students who choose to participate in recreational activity on the physical property of The Modern. Please note that The Modern holds no responsibility for a student's well-being at The Modern, neither inside the building nor on the outside physical property at any time.

TOBACCO-FREE CAMPUS POLICY

The Modern is a tobacco-free campus.

Use of tobacco, as defined below, is prohibited in any building, vehicle, or outdoor area owned, leased, or controlled by The Modern.

1. For the purpose of this policy, tobacco products are defined as including but not limited to cigarettes, cigars, pipes, water pipes (hookahs), bidis, kreteks, smokeless tobacco, chewing tobacco, snus, snuff, electronic cigarettes, vapes

and vaporizers, and any non-FDA-approved nicotine delivery device.

2. Use of tobacco products is prohibited in all buildings and vehicles owned or leased by The Modern, regardless of location.

3. Use of tobacco products is also prohibited on all The Modern grounds and in any outdoor area controlled by The Modern. This includes all The Modern parking lots and parking ramps, patios, and recreational areas. Use of tobacco products is prohibited inside any vehicle located on The Modern grounds, including privately-owned vehicles.

4. When any person enters the grounds of The Modern, any tobacco products shall be extinguished and disposed of in an appropriate receptacle at the perimeter of the grounds of The Modern.

5. Violations of this policy by The Modern students and employees may result in disciplinary action, up to and including dismissal from The Modern. The Modern visitors are expected to comply with the school's tobacco free environment, and those who fail to do so may be trespass from The Modern property.

DRUG-FREE SCHOOL & WORKPLACE POLICY

In accordance with the Drug Free Schools and Campuses Regulations, the following information describes legal sanctions, health risks, and available assistance, as well as disciplinary standards of the Modern.

Standards of Conduct

The unlawful possession, use, or distribution of alcohol or illicit drugs on campus, including the parking lots, or in connection with any college activity is strictly prohibited. This prohibition applies to all students of The Modern, their guests, and all employees.

Legal Sanctions

Persons suspected of violating laws dealing with alcohol or illicit drugs can be charged under local, state, or federal laws. In Kettering, Ohio, charges are usually brought under the laws of the State of Ohio if a person is arrested by the Kettering Police Department.

Examples of State of Ohio Drug and Alcohol Sanctions

Criminal sanctions under Ohio law vary significantly depending upon the controlled substance and the act involved. All specific laws and relevant sections are written in the Ohio Revised Code (ORC). Some examples are below.

1. Trafficking of drugs - Felony charge, mandatory fine of up to \$20,000, 6 months to 10 years imprisonment. If the offense is on the grounds of a school, penalties are more severe.

2. Possession of cocaine - Felony charge, up to 11 years imprisonment and a fine of up to \$20,000.

3. Operating a Vehicle Intoxicated - Fines ranging up to \$10,000, jail or prison time from 3 days to 1 year, license suspension; high-risk insurance.

RULES + REGULATIONS

4. Possession or consumption of alcohol
– First-degree misdemeanor offense; maximum sentence of \$1,000 fine and 6 months in jail. In Ohio, you may be arrested for: drinking, buying, or possessing an alcoholic beverage (even in a closed container) while under 21 years old; selling or providing an alcoholic beverage to someone under 21 years old; and using a fake ID to buy, or otherwise obtain, alcoholic beverages.

Examples of Federal Drug and Alcohol Sanctions

The Higher Education Opportunity Act states that, in addition to legal penalties, students convicted of an illicit drug violation can be denied Federal financial aid for a specific period.

Sanctions imposed under federal law vary according to the specific controlled substance involved. All Federal sentencing requirements are stringent (Title 21 of the U.S. Code, Part D). Examples are below:

1. Controlled Substances: Any person knowingly or intentionally manufacturing, distributing, dispensing, or possessing with an intent to distribute or dispense, a "controlled substance" is subject to sentencing under Federal law to a term of imprisonment of as much as 20 years to life and a fine of 4 million dollars.

2. Alcohol: The illegal manufacture or sale of alcoholic beverages may subject a convicted individual to fines of up to \$1,000.

Examples of Health Risks Associated with the Use of Illicit Drugs and the Abuse of Alcohol

There are major health risks associated with the use of illicit drugs and the abuse of alcohol. Moderate to high doses of alcohol cause marked impairments in higher mental functions and the loss of memory. High doses of alcohol can cause respiratory depression and death. Long-term consumption, particularly when combined with poor nutrition, can also lead

to dependence and permanent damage to vital organs such as the brain and the liver.

Physical effects of drugs include increased heart rate, bloodshot eyes, dry mouth and throat, and increased appetite. The use of drugs may impair or reduce short-term memory and comprehension, alter sense of time, and reduce the ability to perform tasks requiring concentration and coordination. Motivation and cognition may also be altered making the acquisition of new information difficult.

Referral Assistance Policy

Help is available to employees and students struggling with substance abuse. The Modern offers a completely confidential employee and student referral program. Contact the Vice President of Student Affairs for further information on organizations providing counseling and/or treatment.

Disciplinary Sanctions

Any student who is a drug or alcohol offender may have disciplinary action imposed by the college. These sanctions may include: mandatory counseling, mandatory attendance at a local treatment center, mandatory completion of a drug rehabilitation program, mandatory probationary period not to exceed one month, discharge from employment, or expulsion from college students should be aware that illegal drug trafficking and/or possession may seriously affect their qualification for educational financial aid.

WARNINGS AND NOTIFICATIONS OF THREATS ON CAMPUS

The Modern College of Design takes the safety of its students and employees seriously and seeks to provide a secure campus environment. It will issue a notification upon the confirmation of an emergency or dangerous situation occurring on campus that involves an immediate threat to the health or safety of those on campus. The Modern will also issue a warning for any crime that

represents an ongoing threat to the safety of students or employees.

Emergency Notifications – In the event of an emergency, the campus community will be notified by group text message and/or school email. Students should take responsibility for regularly checking their school email and texts.

In order to receive these emergency notifications, students and employees must have an active email account issued by The Modern and have provided The Modern a current mobile phone number capable of receiving text messages.

Timely Warnings – In the event that a situation arises on or off campus that The Modern's administration considers to be an ongoing or continuing threat to the safety of the campus community, a campus-wide warning will be issued through the school email system and via a posting at the building's front entrance, both of which should be checked on a regular basis.

Anyone with information they believe warrants an emergency notification or a timely warning should immediately report those circumstances to The Modern front desk associate.

Fire Safety – If you hear an alarm: Proceed slowly to the nearest exit and evacuate the building. When leaving a room, feel the door before opening it. Do not open a door that feels hot. The last person to leave the room closes the door. Inform a Campus Security Officer if anyone is injured. Gather at a safe distance for a head count. Call 911.

Tornado Warning – If the National Service issues a tornado warning, a tornado has been sighted. The City of Kettering may sound a disaster siren. Move immediately to the room designated on the Emergency Exit Plan posted on the wall of each classroom and public space. Close all doors and keep away from windows. Wait for the 'All Clear' from Security Officers or emergency responders.

CAMPUS SAFETY & ANNUAL SECURITY REPORT

The Modern College of Design is required to provide the following information under the Federal Crime Awareness and Campus Security Act of 1990. This information is current as of October 2017. The term "campus" as used in this section refers to all property of The Modern including the classrooms, offices, parking lot, and grounds.

Any student, faculty, or staff member witnessing a crime or other emergency situation will immediately report the situation to the associate at the front desk who will contact the proper authorities. If the associate at the front desk is not available, students will report the situation to a faculty member who will then contact the proper authorities or call the Kettering Police (937-296-2555) or 911.

When the college is open to students after normal hours of operation, a contracted security guard maintains access control and monitors all areas of campus. Students are issued key cards to gain access to the building.

The Modern College of Design has no special working relationship with State or Local Law Enforcement agencies. In the absence of personnel or faculty members of The Modern, any student witnessing a crime on The Modern College of Design campus should promptly and accurately report it to the Kettering Police. All students and faculty members are responsible for maintaining the safety of their own property and persons. Students are advised to mark all personal property with their name. Vehicles should be locked at all times.

Theft of any property, removal of any materials from the library without being checked out, or any other actions or behaviors that violate the law, rights, or property of others may be grounds for immediate dismissal. This notice is the only time these issues will be addressed.

The Modern College of Design does not recognize any off-campus student organizations and thus does not monitor or report any criminal activity other than that occurring on The Modern's campus. All students are required to read The Modern College of Design's Drug Free School and Workplace Policy. The only exceptions to this policy are events for The Modern alumni and/or professionals. Only individuals who are 21 or older and who can provide valid, legal documentation may consume alcohol at these events.

Federal law requires all colleges to publish a policy dealing with sex offenses. The Modern does not condone and will not tolerate the commission of any sexual or criminal offense. The Modern advises all students to remain alert at all times and to be aware of their surroundings. If at any time you feel unsafe in or upon entering any of the listed campus areas, notify a staff member and they will escort you to your destination on campus. Any student or staff member witnessing or who experiences a sexual offense or assault is advised to immediately report the situation to the associate at the front desk who will contact the proper authorities. Students also have the right to contact the police directly in case of a sexual offense and

may have a staff member assist them in doing so. Students wishing educational material on rape awareness, acquaintance rape, and other forcible and non-forcible sex offenses are encouraged to call Montgomery County's Victim Witness Program at 937-225-5623. Victims of sexual assault may meet with The Modern's counselor or receive off-campus mental health assistance by contacting a local mental health service organization.

WEAPONS POLICY

The Modern College of Design does not permit weapons of any kind on its campus, including the building, surrounding parking lot, and property. Bringing a weapon on campus will result in permanent dismissal.

ADDITIONAL SECURITY POLICY

No spray adhesives or fixatives are permitted on campus including sidewalks, green space, and parking lot areas.

RULES + REGULATIONS

NON-DISCRIMINATION AND ANTI-HARASSMENT POLICY

NOTICE OF NON-DISCRIMINATION

The Modern College of Design ("Modern" or the "College") is committed to providing a learning environment free from discrimination, harassment, and retaliation. Modern does not discriminate on the basis of race, age, creed, color, disability, religion, genetic information, military status, veteran status, familial status, national origin, or any other protected category under applicable local, state or federal law, ordinance, or regulation in its programs and activities (collectively, "Protected Characteristic").

While Modern prohibits discrimination on the basis of sex and gender, such prohibition is addressed in the Sexual Harassment and Sexual Misconduct Policy.

It is the responsibility of every member of the Modern community to foster an environment free from discrimination, harassment, and retaliation and to take reasonable actions to prevent or stop such conduct.

The following person has been designated to handle inquiries regarding this Policy:

Melissa Ferguson
Vice President of Student Affairs ("VPSA")
Title IX/Civil Rights Coordinator
Disabilities Services Coordinator
937-294-0592 x107
melissa.ferguson@themodern.edu

Anyone who believes they have been subjected to discrimination or harassment on the basis of a Protected Characteristic is encouraged to report these incidents. As described in more detail below, all Modern employees, with limited exceptions, are required to report such incidents when they learn of them.

Upon receiving a report, Modern will respond promptly to address any violation, eliminate its effects and prevent its recurrence.

SCOPE

This Policy applies to all students, faculty, staff, groups, consultants, vendors, volunteers, guests, and visitors. Every individual is responsible for acting in accordance with this Policy and any other applicable College policies and procedures.

This Policy applies to Prohibited Conduct, described below, that:

- Occurs on campus;
- Occurs in relation to an official College program or activity (regardless of location); or
- Has continuing adverse effects on campus or on any member of the campus community.

Regardless of when or where discrimination, harassment, or retaliation occurred, the VPSA (or designee) will assist individuals who have been subject to such conduct in obtaining accommodations, locating resources, and identifying local authorities if the individual desires to file a report.

PRIVACY AND CONFIDENTIALITY

Modern takes seriously the desire for privacy sought by persons involved in a matter concerning discrimination, harassment, and retaliation. Subject to the limits set forth below, Modern shares

information about such matters only on a "need to know" basis. Modern will make all reasonable efforts to maintain the confidentiality of the parties involved to the greatest degree possible. Breaches of confidentiality and may be considered a violation of the Policy and may result in additional disciplinary action.

Limits to confidentiality include:

Mandatory Reporting of Child Abuse:

All Modern employees, including confidential resources, are required to immediately report any knowledge or reasonable suspicion that a minor

(someone under 18 years old) is experiencing abuse or neglect based on information shared by the minor, any other individual, or one's own observations or knowledge. Any Modern employee suspecting abuse or neglect is required to bring all suspicions to the immediate attention of the Security Department and the VPSA.

Ohio Felony Reporting Requirement:

Under Ohio law, all individuals, excluding confidential resources, must report possible felonies. Under Ohio Revised Code Section 2921.22, medical professionals, mental health professionals and clergy are not required to report felonies. This legal requirement means that the Civil Rights Coordinator or Modern's Security Department must report any possible felony to the Kettering Police Department.

Ohio Medical Professional Reporting Requirements:

In Ohio, medical professionals have distinct legally mandated reporting responsibilities. Where a medical professional knows or has reasonable cause to believe that serious physical harm resulted from an offense of violence, the medical professional is required to make a report to law enforcement. The preponderance of the evidence standard, where the evidence in a case is "equal" or "level" or "in equipoise," the preponderance of the evidence standard results in a finding that the respondent is not responsible.

PROHIBITED CONDUCT

Discrimination

Discrimination occurs when a behavior or policy has the same purpose or effect of restricting or denying an individual's or group's access to opportunities, programs, or resources, on the basis of a Protected Characteristic, in a manner that interferes with an individuals' working, academic, residential, or social environment or athletic participation or performance.

Examples of discrimination include but are not limited to:

- Treated differently in determining whether such person satisfies any requirement or condition for the provision of any aids, benefits, or services;

DEFINITIONS

Protected Characteristic

The term, "protected characteristic" refers to a person's race, age, creed, color, disability, religion, genetic information, military status, veteran status, familial status, national origin, or any other protected category under applicable local, state, or federal law, ordinance, or regulation.

- "Policy" refers to Modern's Non-Discrimination and Anti-Harassment Policy.
- "Complainant" is a person or persons subject to conduct that is alleged to have violated the Policy.
- "Respondent" is a person or persons whose conduct is alleged to have violated the Policy.
- "Preponderance of the Evidence" is a determination based on facts that are more likely true than not. In the preponderance of the evidence standard, where the evidence in a case is "equal" or "level" or "in equipoise," the preponderance of the evidence standard results in a finding that the respondent is not responsible.

Retaliation

Retaliation is defined as intimidating, threatening, coercing, or discriminating against any individual:

- For the purpose of interfering with any right or privilege secured by Title IX law or regulations; or
- Because the individual has made a report or complaint, testified, assisted, or participated or refused to participate

Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, participation in a program or activity, or grade in a course or coursework;

Submission to or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting an individual; or

Such conduct is sufficiently pervasive, offensive, or abusive to have the purpose or reasonable effect of interfering with an individual's work or educational performance, or creating an intimidating, hostile, or offensive work or educational environment, under both an objective and subjective standard. A single incident may create a hostile environment if the incident is sufficiently severe.

The determination as to whether a hostile environment exists is based on the totality of the circumstances, including but not limited to:

- The nature and severity of the conduct;
- The type, frequency, and duration of the conduct;
- The identity of, and relationship between, the respondent and the complainant;
- The number of individuals involved;
- The age and maturity levels of the respondent and complainant; and
- The location of the conduct and the context in which it occurred.

Harassment

Harassment is any unwanted verbal or physical conduct on the basis of a Protected Characteristic when one or more of the following conditions is present:

RULES + REGULATIONS

in any manner in an investigation, proceeding, or hearing under this Policy or under the complaint procedures relating to Title IX complaints with the U.S. Department of Education's Office for Civil Rights.

PROCEDURES FOR ADDRESSING REPORTS OF DISCRIMINATION, HARASSMENT, OR RETALIATION

Filing a Report

Anyone who believes they have been subjected to discrimination or harassment on the basis of a Protected Characteristic is encouraged to report these incidents. Modern provides options for reporting discrimination, harassment, and retaliation, including reporting to a Modern employee, to a confidential resource (who will not further report the incident without the express consent of the person providing the information or in cases of an emergency) or reporting anonymously. Reports may also be made to the Ohio Civil Rights Commission, the U.S. Equal Employment Opportunity Commission or the U.S. Department of Education's Office for Civil Rights.

Any Modern employee, except a confidential resource, informed of an alleged incident of discrimination, harassment, or retaliation involving students or other members of the Modern community is required to promptly file a report with the VPSA (or designee). All Modern employees (with one exception, listed below) are designated as responsible employees and must report any information that would lead a reasonable person to believe that discrimination, harassment, sexual violence or retaliation had occurred. **The Modern college counselor is not required to file a report with the VPSA (or designee) because conversations with the counselor are confidential, except in certain situations as defined by law.**

Individuals reporting criminal acts of discrimination or harassment may also choose to file a report with the Kettering Police Department. Modern's disciplinary system and the police/legal system work independently from one another. Individuals can file reports with Modern, or with the police, or with both. Individuals also have the right to decline reporting. Because the standards for finding a violation of criminal law are different from the standards in this policy, criminal investigations or reports are not determinative of whether gender-based misconduct, under this policy, has occurred.

Modern encourages prompt reporting, but does not limit the time frame for doing so. Reports can be submitted at any time following an incident, although Modern's ability to take any action may be negatively affected by the length of time between the alleged incident and its reporting.

Initial Assessment

The VPSA (or designee) conducts an initial assessment for every report of alleged discrimination, harassment, sexual violence or retaliation.

As part of the initial assessment of the report, the VPSA will consider the nature of the report, the safety of the individual and of the campus community, and the Reporting Party's expressed preference for resolution in determining the appropriate course of action to eliminate the conduct at issue, prevent its recurrence and address its effects. Unless the complainant requests that a report not be pursued, the VPSA will meet with the respondent during the initial assessment.

Based on this initial assessment, the VPSA, or designee, shall determine the appropriate handling of the report. A report may be submitted to mediation or informal resolution, investigated, or not pursued.

- Modern will investigate all complaints of discrimination, harassment, or retaliation when requested to do so by the complainant and the conduct described in the report, if true, would constitute a violation of the Policy.

- A complainant may make a request for anonymity or may request that Modern not pursue a report. In these situations, Modern will comply with these requests unless, in the VPSA's sole discretion, the VPSA determines that identifying the complainant or investigating the report is necessary to protect the health and safety of the complainant or the Modern community based on the seriousness of the alleged conduct, whether the respondent has been involved in other incidents or reports of misconduct, whether the complainant is a minor, and other relevant information. Whether or not a report is pursued, Modern may still take appropriate steps to eliminate the reported conduct, prevent its recurrence and remedy its effects on the complainant and the Modern community.

The VPSA will notify the complainant and respondent as to how the report will be handled.

Interim Measures

Upon receipt of a report, the VPSA will take measures to support the complainant and respondent. Such support may include issuance of No Contact Directives and collaboration with the appropriate Modern administrators to make reasonable adjustments to the workplace, educational environment, academic arrangements and/or campus living arrangements. When the respondent is not affiliated with Modern, a No Contact Directive may include a prohibition barring the respondent from campus. If a report is submitted to mediation or informal resolution or is investigated, the VPSA may take additional interim measures including suspending the respondent or placing the respondent on leave if the

VPSA determines could represent a threat or potential threat to the campus community.

Self-Help

An individual who believes that she or he is the subject of discriminatory or harassing behavior may choose to deal with the alleged offender directly through a face-to-face discussion, a personal phone conversation, email correspondence, or other written correspondence. In some cases, this approach may resolve the situation; in others, it may be ineffective or place the individual in an uncomfortable, insecure, or compromised position. Under no circumstances should an individual feel pressured to address the alleged offender directly or otherwise handle the matter alone, and a decision not to confront an individual she or he believes to be discriminatory or harassing will not be viewed negatively. An individual may always choose to report the situation and pursue other methods of resolution as described in these procedures.

Mediation

In cases involving discrimination, harassment, or retaliation, the VPSA (or designee) will determine whether mediation is an appropriate mechanism for resolution based on information provided about the incident.

In cases where mediation is deemed to be an option, parties wishing to pursue this form of resolution will confirm such request in writing addressed to the VPSA (or designee). The parties should not contact each other to discuss mediation. Mediation will be pursued only with the consent of both parties. If the mediation results in a resolution, the matter will be closed. If the parties are unable to reach a resolution in a timely manner, or if either party requests to terminate mediation, an investigation will proceed. It is anticipated that mediation efforts can be completed within thirty (30) calendar days, unless both parties agree to an extension of time

and such extension is approved by the VPSA (or designee).

Informal Resolution

In instances where it is deemed possible and safe, reports may be resolved through informal means. If it is determined that an informal resolution may be appropriate, the VPSA (or designee) will speak with the complainant about this option. If the complainant agrees, the VPSA (or designee) will speak with the respondent. If a satisfactory resolution is reached through this informal conversation, the matter will be considered closed. If these efforts are unsuccessful, or if either party requests to terminate informal resolution process, an investigation will proceed. It is anticipated that informal resolution efforts can be completed within sixty (60) calendar days.

Investigation

If an investigation is to commence, the respondent will be notified that a report has been filed and will be provided a copy of the report (which may be redacted if appropriate).

The respondent and complainant will be given the opportunity to meet separately with the VPSA (or designee) to review the Policy, this procedure and the report. After this meeting, or if the respondent declines to meet, the respondent will have five (5) business days to submit a written response to the report. Neither the complainant nor the respondent are required to participate in an investigation. If either or both of the parties do not participate, the VPSA or designee will determine the outcome of the investigation on the basis of the information available to the VPSA or designee.

The VPSA or designee will serve as the investigator and will interview the complainant, respondent, and, as applicable, any witnesses.

The complainant and respondent may each have a "support person" present

at all interviews in which they participate. The support person may be a licensed attorney, but the support person is only permitted to sit and observe, and not speak. The Investigator will also gather any pertinent evidentiary materials (this may include, but is not limited to, emails, written documents, or photographs). During the investigation process, both the complainant and the respondent will have the opportunity to provide the investigator with evidence and/or specify witness information. The Investigator will then prepare a report detailing the relevant content of the interviews and the documentation materials gathered. It is anticipated that the investigation can be completed within thirty (30) calendar days. Complex investigations may require a longer investigatory period, but any extension will be reasonable and in accordance with the circumstances presented.

Directly following the conclusion of the investigation, the investigator will complete an investigation report, which will include findings of fact and a determination whether reasonable cause exists to believe that a violation of the Policy may have occurred. The respondent and complainant will each individually have the opportunity to review the investigative report in the presence of the VPSA (or designee). All names and identifying information not bearing directly on the validity of the grievance will be removed from the records viewed by the parties. Federal and state law may also prevent the respondent and complainant from reviewing all of the information.

If the investigator determines that reasonable cause exists to believe that a violation of the Policy may have occurred, the matter will be referred for Administrative Resolution or Adjudication. If the investigator determines that reasonable cause does not exist, the investigation will end. In either case,

RULES + REGULATIONS

the outcome will be communicated in writing to the complainant and respondent. A determination that reasonable cause does not exist may be appealed as set forth below.

Administrative Resolution

If reasonable cause exists to believe that a violation of the Policy may have occurred, the respondent will be given the opportunity to respond to the alleged violation of policy in the following ways: 1) No response; 2) Not Responsible; or 3) Responsible.

If the respondent accepts responsibility, Modern's Vice President of Education will be notified. The Vice President of Education will determine the appropriate sanctions and corrective action.

The complainant and respondent will be made aware of the decision within five (5) business days, whenever possible. The reason for any delay will be communicated to both parties. The respondent and complainant will then have the opportunity to appeal the Vice President of Education's sanctioning decision. The acceptance of responsibility, however, is not appealable (see Appeals Process, below). If the respondent declines responsibility, or chooses not to respond, the case will proceed to adjudication. Such a decision may be appealed as outlined below.

Adjudication Process

Modern's Vice President of Education will review the investigation report and, within five (5) business days of receipt, schedule a meeting with the complainant, respondent and investigator to be held within fifteen (15) business days of receipt of the report. Except where supported by good cause, as determined by the VPSA, the Vice President of Education will conduct a single meeting for all parties. In matters where there is good cause, the complainant and respondent may meet separately with the Vice President of Education and Investigator, or attend and participate in

meeting through alternative means that do not require the parties to be in the same room. During the meeting, the complainant and respondent may ask questions of the investigator and each other; however, if requested by a party or if the Vice President of Education determines that direct questioning would be inappropriate under the circumstances, the complainant and respondent may submit questions to the Vice President of Education for the Vice President of Education to ask the other party.

Final Findings

The Vice President of Education will decide, based on a preponderance of the evidence, whether there has been a violation of the Policy. The Vice President of Education will render a decision within five (5) business days following the meeting.

If the Vice President of Education determines that a violation has occurred, the Vice President of Education will then determine the appropriate sanctions and corrective action. Consideration may be given to the nature of and the circumstances surrounding the violation, prior disciplinary violations, precedent cases, Modern safety concerns, and any other information deemed relevant by the Vice President of Education. The Vice President of Education will render a sanctioning decision within five (5) business days of the date the decision is rendered. Both the respondent and the complainant will be notified in writing of the outcome and sanctions (if applicable), and/or remedies.

Range of Sanctions

Any or all of following sanctions may be imposed for a violation of the Policy:

- Expulsion, termination or suspension: For students, expulsion or suspension, including notation of the expulsion or suspension on the respondent's academic transcript. For employees, termination or suspension;

- Disciplinary probation: formal written warning that the respondent's conduct violated the Policy and that continued enrollment of the respondent is based on the Respondent's compliance with the Policy on a going forward basis;
- Reprimand: a written statement placed in the personnel file/ student record of the respondent
- Restitution: A requirement that the respondent reimburse the complainant for damages;

- Restriction: temporary or permanent loss of the use of Modern facilities; of participation in extra-curricular activities, athletics or student organizations; of service in student or department leadership; reassignment of work duties or class meetings;
- Education: requiring the respondent to attend a specified training or education program;
- Continued No Contact Directives: requiring the respondent to comply with a new or ongoing No Contact Directive; and
- Creative or alternative sanctions: enrolling in and completing anger management or batterer intervention courses, performing volunteer work, writing essays, completing a 12-step or other addiction program, enrolling in and completing a sex offender rehabilitation program, issuing a sincere apology, and any other remedy appropriate for the circumstances.

Regardless of how a matter proceeds in this process, remedies may be made by Modern as appropriate to its commitment to provide a learning environment free from discrimination and harassment, such as reviewing protocol, providing or enhancing training to staff and/or students, issuing no-contact directives or access restrictions, or considering request for accommodations. Accommodation

requests are reviewed on a case-by-case basis.

The Appeals Process

The respondent or the complainant may request an appeal of the determination that reasonable cause does not exist to believe that a violation of the Policy may have occurred or of the decision and sanctions rendered by the Vice President of Education. The four grounds upon which an appeal of the decision or sanctions may be made are:

1. The investigator was biased or had a conflict of interest;
2. A procedural error occurred, which had a materially adverse impact on the outcome of the decision;
3. The party has substantive new evidence that was not available to the party during the investigation or at the time of the meeting with the Vice President of Education and that had a materially adverse impact on the outcome of the decision;
4. The party feels that the severity of the sanction is inappropriate given the details of the case.

Disagreement with the finding or sanctions is not, by itself, grounds for appeal.

The request for an appeal, including the grounds upon which the request is based, should be submitted in writing to the VPSA (or designee) within five (5) business days following the date listed on the outcome letter. Each party will be notified if an appeal request will be considered and be provided the opportunity to respond.

The appeal will consist of a record review and decision by Modern's President. This appeals decision is final.

Appeal decisions will be rendered within ten (10) business days after the receipt of the formal appeal request. Both parties will be notified in writing of the appeal's outcome.

Outcome Notification

Every effort will be made to ensure that both the complainant and respondent are updated at several points during the investigation and process. Both the complainant and respondent will be simultaneously notified, in writing, of the following events:

- Upon approval of request for mediation and upon resolution (or termination) of such mediation;
- Upon completion or termination of an Informal Resolution process;
- After the conclusion of the investigation; if the Respondent accepts responsibility for being "in violation";
- The sanctions and corrective action determined by the Vice President of Education after the Respondent accepts responsibility;
- The Vice President of Education's finding of "in violation" or "not in violation" of Modern policy;
- If the finding is "in violation," the sanctions and corrective action determined by the Vice President of Education;

- If an appeal has been filed by either party at any point in the outcome phase; and
- The final resolution of the appeals process, if applicable.

Time Frames

If the time frames provided in this procedure cannot be met, the VPSA (or designee) will notify the complainant and respondent in writing of the delay and will provide a date by which the appropriate undertaking will be completed.

SEXUAL HARASSMENT AND SEXUAL MISCONDUCT POLICY AND PROCEDURES

Title IX Generally

Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex, including sex-based harassment and violence, in any federally funded education. The Modern College of Design ("Modern" or "College") is an academic institution that, in accordance and full compliance with federal, state, and local laws, does not discriminate on the basis of sex.

All proceedings under this policy are conducted in compliance with the requirements of Title IX, the Clery Act as amended by the Violence Against Women Act, the Family Educational Rights and Privacy Act (FERPA), Title VII of the Civil Rights Act of 1964, and state and federal law, where applicable. No information shall be released from such proceedings except as required or permitted by law and Modern policy.

Notice of Non-Discrimination

Modern is committed to fostering a climate free from discrimination on the basis of sex in the following areas: admissions, educational programs and activities, housing, access to classes and schools, counseling, financial assistance, employment assistance, health and insurance benefits and services, marital or parental status, and athletics. This policy is strictly enforced by Modern, and alleged violations receive prompt and equitable attention and appropriate corrective action. Modern takes steps to

eliminate sex discrimination, to prevent the recurrence of sex discrimination, and to remedy the effects of sex discrimination, as appropriate.

Individuals who believe they may have witnessed or been subjected to Prohibited Conduct as defined below are encouraged to make a report with the Title IX Coordinator. Any person may report sex discrimination, including sexual harassment, and any other Prohibited Conduct whether or not the person reporting is the person who has been subject to the conduct. This could be done in person, by mail, by telephone, or by electronic mail using the contact information listed below. Such a report can be made at any time (including during non-business hours) by using the telephone number, email address, or by sending mail to the office address listed below.

For further information, individuals may also contact the U.S. Department of Education's Office for Civil Rights at (800) 421-3481, the Ohio Civil Rights Commission at (888) 278-7101, or the Equal Employment Opportunity Commission at (800) 669-4000.

The Coordinator may designate any responsibility or task assigned to them under this Policy to an appropriate individual, including individuals not employed by the College. If for any reason the Coordinator cannot be impartial with regard to a particular case, the President shall assign a Coordinator for the case in question.

Scope of the Policy

This Policy applies to all students, faculty, staff, groups, consultants, vendors, volunteers, guests, and visitors. Every individual is responsible for acting in accordance with this Policy and any other applicable College policies and procedures.

This Policy applies to Prohibited Conduct, described below, that:

- Occurs on campus;
 - Occurs in relation to an official College program or activity (regardless of location); or
 - Has continuing adverse effects on campus or on any member of the campus community.
- Modern maintains the right to respond to misconduct that falls outside the jurisdiction described in the preceding paragraph. Depending on the conduct at issue, the Student Handbook or Employee Handbook may apply.
- If the respondent is unknown or is not a member of the College community, the Coordinator (or designee) will assist individuals in identifying local law enforcement authorities if the individual desires to file a police report.

Definitions

Complainant: An individual who is alleged to be the victim of conduct that could constitute Prohibited

Consent: Clear, knowing, and voluntary permission, demonstrated through mutually understandable words or actions that clearly indicate a willingness to freely engage in a particular sexual activity. Some additional considerations include:

- Silence, passivity, absence of response, and lack of resistance do not constitute consent.
- Consent to one form of sexual activity does not constitute consent to other forms of sexual activity.

• Consent obtained for sexual activity on prior occasions does not constitute consent for future occasions. Even within the context of an ongoing relationship, consent must be obtained.

• Consent can be withdrawn at any time prior to completion of the act by the outward demonstration, by words or actions, that clearly indicate a desire to end sexual activity. Once this has been expressed, sexual activity must cease.

• Consent is not effective if it is obtained through force, threat of force, coercion, or any other factor that would eliminate the voluntary nature of the choice.

• Individuals who are incapacitated cannot consent to sexual activity.

• In the state of Ohio, the age of consent is 16. Under state law, consent cannot be given by any individual under the age of 16 to participate in sexual activity with an individual over the age of 18. In addition, consent can never be given by minors under the age of 13.

Coercion: The use of unreasonable and persistent pressure to the point that it overrides the voluntary nature of the act. Examples include threatening to harm oneself if the other person does not engage in sexual activity, or threatening to disclose another individual's private information if the other person does not engage in sexual activity.

Education program or activity:

(1) the operations of the College,
(2) locations, events, or circumstances over which Modern exercises substantial control over both the respondent and the context in which the Prohibited Conduct occurred, and (3) buildings that are owned or controlled by student organizations officially recognized by Modern.

Formal Complaint: A document filed by a Complainant or signed by the Title IX Coordinator alleging Prohibited Conduct against a Respondent and requesting that

RULES + REGULATIONS

the College investigate the allegations. Formal Complaints must be filed in order to pursue either an informal resolution process or a formal grievance process. At the time of filing a formal complaint, a Complainant must be participating in or attempting to participate in an education program or activity of Modern. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information listed within the section titled, "Notice of Non-Discrimination" of this policy. Additionally, a "document filed by a Complainant" can be in the form of an electronic submission (such as by electronic mail or through an online portal provided for this purpose by Modern) that contains the Complainant's physical or digital signature, or otherwise indicates that the Complainant is the person filing the formal complaint.

Incapacitation: The state in which an individual lacks the ability to make informed, rational judgments, either temporarily or permanently. It exists where an individual is mentally and/or physically helpless, asleep, unconscious, or unaware that the sexual activity is occurring. Where alcohol or other drugs are involved, incapacitation is a state beyond mere intoxication that causes a person to be unable to appreciate the who, what, where, when, why, or how of a sexual interaction. Evaluating incapacitation also requires an assessment of whether a respondent was or should have been aware of the complainant's incapacitation based on objectively and reasonably apparent indications of impairment when viewed from the perspective of a sober, reasonable person in the respondent's position.

Prohibited Conduct: See below.

Respondent: An individual who has been reported to be the perpetrator of conduct that could constitute Prohibited Conduct.

Supportive Measures: Non-disciplinary, non-punitive individualized services offered to both the complainant and respondent as appropriate, reasonably available, and without fee or charge.

Title IX Dismissal: If the conduct alleged in a Formal Complaint does not constitute Title IX Sexual Harassment, did not occur in a College education program or activity, or did not occur against a person in the United States, the College must dismiss the complaint from the hearing process. The fact that a Formal Complaint is not eligible for the hearing process does not mean that the matter is concluded, as further explained below. Depending on the conduct at issue, the relevant policies and procedures in the Student Handbook and Employee Handbook may apply, even after a Formal Complaint is dismissed under this Policy. The process for appealing a Title IX Dismissal is explained in "Grounds for Dismissal of Formal Complaint," below.

PROHIBITED CONDUCT COVERED BY THIS POLICY

This policy prohibits the following types of Prohibited Conduct, each of which is described below: Title IX Sexual Harassment, Non-Title IX Sexual Harassment, Non-Title IX Stalking, Non-Title IX Domestic Violence, Sex Discrimination, Harassment on the Basis of Sex, Sexual Exploitation, and Retaliation.

Title IX Sexual Harassment

There are six types of Prohibited Conduct that qualify as "Title IX Sexual Harassment," each of which is defined more specifically below: (1) quid pro quo sexual harassment, (2) unwelcome conduct sexual harassment, (3) sexual assault, (4) dating violence, (5) domestic violence, and (6) stalking on the basis of sex. The definitions used here are mandated by federal regulations.

Types of Title IX Sexual Harassment:

1. Quid Pro Quo Sexual Harassment:

"Quid pro quo sexual harassment" is conduct on the basis of sex where a College employee conditions the provision of an aid, benefit, or service of the College on an individual's participation in unwelcome sexual conduct.

2. Unwelcome Conduct Sexual Harassment:

"Unwelcome conduct sexual harassment" is conduct on the basis of sex that is unwelcome and determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity.

3. Sexual Assault: "Sexual assault" is conduct on the basis of sex that is defined as a forcible or non-forcible sex offense, or attempted forcible or non-forcible sex offense, as classified under the Uniform Crime Reporting system of the FBI. This includes the separate categories, each of which is considered a form of sexual assault:

- **Rape** is defined as the carnal knowledge of a person, without the consent of the complainant, including instances where the complainant is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity. Carnal knowledge is defined as the slightest penetration of the sexual organ of the female (vagina) by the sexual organ of the male (penis).

- **Sodomy** is defined as oral or anal sexual intercourse with another person, without the consent of the complainant, including instances where the complainant is incapable of giving consent because of their age or because

of their temporary or permanent mental or physical incapacity.

- **Sexual Assault With An Object** is defined as the use of an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the complainant.

- **Fondling** is defined as the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the complainant, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental or physical incapacity.

- **Incest** is defined as sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law. In Ohio, Revised Code Section 3101.01(A) provides that individuals nearer of kin than second cousins may not marry.

- **Statutory rape** is defined as sexual intercourse with a person who is under the statutory age of consent. In Ohio, Revised Code section 2907.02(A)(1)(b) provides that no person may have sex with a child under the age of thirteen. Ohio Revised Code Section 2907.04(A) provides that no person over the age of eighteen may have sex with a child under the age of sixteen.

- **Dating Violence:** "Dating violence" is conduct on the basis of sex that consists of violence committed by a person who is or has been in a romantic or intimate relationship with the complainant. The existence of such a romantic or intimate relationship is determined by the length of the relationship, the type of relationship, and the frequency of interactions

between the individuals involved in the relationship.

5. Domestic Violence: "Domestic violence" is conduct on the basis of sex that consists of a felony or misdemeanor crime of violence committed by:

- A current or former spouse or intimate partner of the victim,
- A person with whom the victim shares a child in common,
- A person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner,
- A person similarly situated to a spouse of the victim under the domestic/family violence laws of the jurisdiction
- Any other person against an adult or youth victim who is protected from that person's acts under the domestic/family violence laws of the jurisdiction.

6. Stalking: "Stalking" is conduct on the basis of sex that consists of engaging in a course of conduct directed at a specific person that would cause a reasonable person to: (A) fear for the person's safety or the safety of others; or (B) suffer substantial emotional distress. For purposes of the definition of Stalking under this Policy:

- A "course of conduct" means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.

- A "reasonable person" means a reasonable person under similar circumstances and with similar identities to the victim.

- "Substantial emotional distress" means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

NON-TITLE IX SEXUAL HARASSMENT

Non-Title Sexual Harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature when:

- Submission to or rejection of such conduct is an explicit or implicit condition of any individual's employment, evaluation of academic work, or participation in any of the Modern's education programs or activities;
- Submission to or rejection of such conduct by an individual is used as the basis for decisions affecting the individual; or
- Such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance, i.e. it is sufficiently severe, pervasive, or persistent as to create an intimidating, hostile, or offensive work or educational environment under both an objective and subjective standard.

The determination of whether a hostile environment exists will be based on the totality of the circumstances, including but not limited to:

- The nature and severity of the conduct;
- The type, frequency, and duration of the conduct;
- The identity of and relationship between the respondent and the complainant;
- The number of individuals involved;
- The age and maturity levels of the respondent and complainant; and
- The location of the conduct and the context in which it occurred.

Examples of conduct that may form the basis of a Non-Title IX Sexual Harassment complaint include, but are not limited to:

- Making sexual propositions or pressuring for sexual favors;

RULES + REGULATIONS

- Touching of a sexual nature;
- Writing graffiti of a sexual nature;
- Displaying or distributing sexually explicit drawings, pictures, videos, or other materials;
- Performing sexual gestures or touching oneself sexually in front of others;
- Spreading sexual rumors or rating other students or employees as to sexual activity or performance;
- Circulating or showing e-mails or Web sites of a sexual nature;
- Direct or implied threats that submission to sexual advances is a condition of employment, promotion, good grades, recommendations, etc.;
- Sexually explicit jokes or statements, questions, or remarks about sexual activity or experience; and
- Physical assault of a sexual nature.

Non-Title IX Stalking

Non-Title IX Stalking is Stalking as defined above that is not committed on the basis of sex.

Non-Title IX Domestic Violence

Non-Title IX Domestic Violence is Domestic Violence as defined above that is not committed on the basis of sex.

Sex Discrimination

Sex Discrimination occurs when a behavior or policy has the same purpose or effect of restricting or denying an individual's or group's access to opportunities, programs, or resources, on the basis of sex, in a manner that interferes with an individuals' working, academic, residential, or social environment or athletic participation or performance.

The College will not, on the basis of sex:

- Treat one person differently from another in determining whether such person satisfies any requirement or

- condition for the provision of such aid, benefit, or service;
- Provide different aid, benefits, or services or provide aid, benefits, or services in a different manner;
- Deny any person any such aid, benefit, or service;
- Subject any person to separate or different rules of behavior, sanctions, or other treatment;
- Apply any rule concerning the domicile or residence of a student or applicant, including eligibility for in-state fees and tuition;
- Aid or perpetuate discrimination against any person by providing significant assistance to any agency, organization, or person which discriminates on the basis of sex in providing any aid, benefit or services to students or employees;
- Otherwise limit any person in the enjoyment of any right, privilege, advantage, or opportunity.

Discrimination on the basis of sex in employment is permissible in situations where sex is a bona fide occupational qualification reasonably necessary to the normal operation of the College. Note that the federal regulations regarding Title IX include certain exceptions, such as single-sex housing, athletic participation, and chorus participation, that do not constitute discrimination on the basis of sex.

Harassment on the Basis of Sex

Harassment on the Basis of Sex is defined as unwelcome verbal, visual, or physical conduct on the basis of one's sex, gender, gender identity, gender expression, or sexual orientation when:

- Submission to or rejection of such conduct is an explicit or implicit condition of any individual's employment, evaluation of academic work, or participation in any College education program or activity; or

- Submission to or rejection of such conduct by an individual is used as the basis for decisions affecting the individual' or
- Such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance, i.e. it is sufficiently severe, pervasive, or persistent as to create an intimidating, hostile, or offensive work or educational environment under both an objective and subjective standard.

Sexual Exploitation

Sexual Exploitation is conduct that does not meet the jurisdictional requirements, threshold requirements, or definition of "Title IX Sexual Harassment" defined above, but amounts to an individual taking advantage of another's sexuality in a non-consensual manner for any purpose. Examples of Sexual Exploitation include the non-consensual viewing of nudity of another, the non-consensual streaming of images of sexual activity, the non-consensual sharing or posting of nude images of another,

in any investigation, proceeding, or hearing provided for in this Policy.

Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve Prohibited Conduct, but arise out of the same facts or circumstances as a report or formal complaint of Prohibited Conduct, for the purpose of interfering with any right or privilege secured by Title IX or this Policy, constitutes retaliation.

An individual who brings a complaint under this Policy in good faith, even if it may be erroneous, will not be subject to discipline. However, the use of this policy for false, malicious, or frivolous purposes is strictly prohibited. Modern's decision to charge an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this Policy does not constitute retaliation, provided that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by this provision.

GRIEVANCE PROCEDURES

Reporting Prohibited Conduct

Individuals who believe they may have witnessed or been subjected to Prohibited Conduct are encouraged to make a report with the Title IX Coordinator. Any person

may report Prohibited Conduct, whether or not the person reporting is the person who has been subject to the Prohibited Conduct. This could be done in person, by mail, by telephone, or by electronic mail using the contact information listed within the section titled, "Title IX Non-Discrimination Policy and Procedures." Such a report can be made at any time (including during non-business hours) by using the telephone number, email address, or by sending mail to the office address listed for the Title IX Coordinator identified in this policy.

All employees of Modern that become aware of Prohibited Conduct (other than those previously designated as confidential resources), are required to make a report to the Title IX Coordinator. The person who may have been subjected to Prohibited Conduct is referred to as the Complainant. The person who may have committed Prohibited Conduct is referred to as the Respondent.

Please note that a report of Prohibited Conduct does not automatically result in a formal investigation as defined in this Policy. The Title IX Coordinator will work to provide supportive measures, access to resources, information about formal and informal resolution procedures, and information about filing a report with the appropriate law enforcement agency.

Upon receipt of a report, the Complainant will be offered the opportunity for an initial discussion to give the Complainant the opportunity to recount what has taken place and discuss how best to proceed. The Complainant will be permitted to have an advisor of their choice during this discussion. The Title IX Coordinator will review with the Complainant the College's procedures for filing a formal complaint, informal and formal resolution, the rights of the Complainant, the availability of supportive measures, information relating to law enforcement reporting if appropriate, and available medical and/

RULES + REGULATIONS

or counseling resources as appropriate. Options for, and available assistance in, changing academic and living situations can be discussed and provided if so requested, and if such changes are reasonably available. Except in certain serious circumstances as discussed more below, it is at all times the Complainant's decision whether they will file a formal complaint, seek interim measures of protection, pursue informal resolution and/or formal resolution (including the grievance process outlined in this Policy). As a result of this meeting, depending on the nature of the allegations, the Title IX Coordinator may be obligated to report the incident to law enforcement pursuant to state law.

Upon receiving a report, the Title IX Coordinator will conduct an initial assessment to evaluate whether the complaint alleges sufficient information to meet the jurisdictional and threshold requirements listed in "Scope of this Policy" and "Prohibited Conduct," above.

Supportive Measures

"Supportive Measures" are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the recipient's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or Modern's educational environment, or deter Prohibited Conduct.

Supportive measures may include one or more of the following:

- Counseling
- Extensions of deadlines or other course-related adjustments

- Modifications of work or class schedules,
- Campus escort services
- Mutual restrictions on contact between the parties
- Changes in work or housing locations
- Leaves of absence
- Increased security and monitoring of certain areas of the campus
- Other similar measures

The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures and shall consult with appropriate supervisors as necessary. Modern must maintain as confidential any supportive measures provided to the Complainant or Respondent, to the extent that maintaining such confidentiality would not impair the ability of the recipient to provide the supportive measures. For example, if a change in housing locations is determined to be necessary, the Title IX Coordinator may have to share some information with individuals responsible for Housing assignments.

If, after receipt of a complaint and an individualized safety and risk assessment, Modern determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of Prohibited Conduct justifies removal of a Respondent, Modern may remove the Respondent on an emergency basis. A removed Respondent will receive notice and an opportunity to challenge the decision immediately following the removal.

Threats must pose more than a generalized, hypothetical, or speculative risk to health and safety for emergency removal to be appropriate.

Non-student employees may be placed on administrative leave during the grievance process. Placement on such leave is not subject to challenge.

Amnesty for Students

To encourage reporting for students, the College will not pursue disciplinary sanctions regarding underage drinking or illegal drug use during the course of a reported incident of Prohibited Conduct. However, the College may require such students to undergo a drug or alcohol assessment or participate in counseling or other educational programs if appropriate.

Formal Complaint

After the initial discussion with the Complainant described in Section [x] above, the Complainant will be asked whether they would like to file a Formal Complaint. "Formal Complaint" is defined as a document filed by a Complainant or signed by the Title IX Coordinator alleging Prohibited Conduct against a Respondent and requesting that Modern investigate the allegation of Prohibited Conduct. A Formal Complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information found above. Additionally, a "document filed by a complainant" can be in the form of an electronic submission (such as by electronic mail or through an online portal provided for this purpose by Modern) that contains the Complainant's physical or digital signature, or otherwise indicates that the Complainant is the person filing the formal complaint.

If the Title IX Coordinator initiates or signs a Formal Complaint, the Title IX Coordinator will not be considered a "Complainant" as that term is defined in this Policy.

Informal Resolution

Modern's Informal Resolution process involves informal consultation to find an acceptable resolution for both parties without invoking the full investigation and adjudication process described below. The informal process may include counseling the Complainant on ways

to address the Respondent directly regarding their behavior if the Complainant is comfortable doing so, counseling of the Respondent by the Title IX Coordinator on changing their behavior, a facilitated discussion between the Complainant and Respondent, a mediated agreement between the Complainant and Respondent, or any other informal process that is appropriate under the circumstances.

The informal resolution process is voluntary. Modern will not require that a complainant and/or respondent participate in informal resolution and waive the right to a full investigation and adjudication of formal complaints of Prohibited Conduct in order to enroll or continue to be enrolled, or be employed or continue to be employed, or enjoy any other right granted by Modern. The parties may choose to pursue a formal resolution and end the informal resolution process at any time prior to reaching a determination of responsibility.

Modern is responsible for taking the following steps prior to facilitating an informal resolution:

- Providing written notice to the parties of:
 - the allegations,
 - the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint, and
 - any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;

- Obtaining the parties' voluntary, written consent to the informal resolution process.

Modern will not offer or facilitate an informal resolution process to resolve allegations that an employee engaged in Title IX Sexual Harassment of a student.

The Complainant and Respondent are permitted to bring an advisor of their choosing to any discussions as part of the informal resolution process. An advisor may offer their assistance to the Complainant or Respondent, but may not speak for them during the process.

INVESTIGATION PROCESS FOR FORMAL COMPLAINTS

A party may choose to resolve a Formal Complaint through the investigation process, provided that the Title IX Coordinator has conducted an initial assessment and determined that the jurisdiction requirements listed in the "Scope of the Policy" have been met, that Prohibited Conduct may have occurred, and that an investigation is appropriate.

Modern may also choose to move forward with a Formal Complaint signed by the Title IX Coordinator, as described above.

The investigation process will begin with the Title IX Coordinator appointing one or more investigators. An investigator will begin the full investigation promptly, and will conduct the full investigation in a manner that is complete, thorough and impartial.

1. **Notice:** Modern will provide to all known parties written notice of:

- Modern's grievance process
- The identities of the parties involved
- The specific section(s) of Modern policies that are reported to have been violated;

- The approximate date, time, and location of each reported incident;
- The presumption that the Respondent is not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;

- The parties' right to have an advisor of their choice, who may be an attorney;

- The parties' right to inspect and review evidence; and

- The date, time, location, participants, and purpose of all hearings, investigative interviews or other meetings to which the party is invited, with sufficient time for the party to prepare to participate.

If, during the course of the investigation, additional allegations of Prohibited Conduct or the violation of other policies are reported or otherwise discovered, the parties will receive notice of these additional allegations that were not included in the original notice. The obligation to notify the parties of the allegations being investigated is an ongoing one.

2. Grounds for Dismissal of Formal Complaint:

Complaint: If, after the initial review of the Formal Complaint by the Title IX Coordinator, it is determined that any of the following conditions exist, Modern will dismiss the Formal Complaint from the hearing process outlined in this Policy:

- The alleged conduct, if it occurred as alleged, would not constitute Title IX Sexual Harassment as defined in this policy;
- The complainant was not participating in or attempting to participate in the Modern's education program or activity at the time the Formal

RULES + REGULATIONS

Complaint was filed;

- The alleged conduct, if it occurred as alleged, did not occur in Modern's educational programs or activities, or;
- The alleged conduct, if it occurred as alleged, did not occur against a person in the United States.

Although prior determinations on each of these issues were likely made earlier in the process, additional information may be uncovered during an investigation that requires them to be reconsidered. The Title IX Coordinator is responsible for reconsidering these issues at any point during the processes outlined in the Policy, which may result in the report of misconduct being referred to Human Resources, the Provost, or Student Development, and/or being dismissed from the Grievance Procedures outlined in this Policy.

The Title IX Coordinator may, in their sole discretion, also dismiss a formal complaint or allegations therein from the hearing process if:

- A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- The respondent is no longer enrolled or employed by Modern, or;
- Specific circumstances prevent Modern from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Modern will send written notice of the dismissal from the hearing process and the reasons for dismissal simultaneously to all parties. When a formal complaint or allegations are dismissed from the hearing process, they will be handled according to the Investigative Process as described

below. Both parties will continue to be eligible for supportive measures as determined appropriate by the Title IX Coordinator under the circumstances.

3. Investigative Interviews and Gathering of Evidence:

During the investigation, both the Complainant and Respondent may present statements, witnesses and other evidence to the investigator. The Complainant, the Respondent, and witnesses with relevant information may be interviewed as part of the full investigation. The interviews will be supplemented by the gathering of any physical, documentary, or other evidence, as appropriate and available. Follow-up interviews may be conducted by the investigator as needed. The full investigation is designed to provide a fair and reliable gathering of the facts.

Modern will provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.

Modern will not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence. A party's communication with a witness or potential witness is considered part of a party's right to meaningfully participate in furthering the party's interests in the case, and not an "interference" with the investigation. However, where a party's conduct toward a witness might constitute "tampering" (for instance, by attempting to alter or prevent a witness's testimony), such conduct may be prohibited as retaliation.

Modern will not access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional

acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless Modern obtains that party's voluntary, written consent.

The parties will have an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a Formal Complaint, including the evidence upon which Modern does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source. Modern will not consider or provide for inspection and review evidence which Modern knows was illegally or unlawfully created or obtained. Modern may impose on the parties and the party's advisors restrictions or require a non-disclosure agreement not to disseminate any of the evidence subject to inspection and review.

Prior to completion of the investigative report, Modern will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have 10 days to submit a written response, which the investigator will consider prior to completion of the investigative report.

All evidence subject to the parties' inspection and review will be available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination.

4. Time frame: Modern will attempt to complete most investigations within 60 business days. The time frame for investigations will begin upon filing of a Formal Complaint and will conclude upon dissemination of the investigative report to the parties. Investigations

may be delayed, and time frames for investigations may be extended, for good cause and with written notice provided to Complainants and Respondents including the reason for the delay or extension. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement or civil rights enforcement activity; or the need for language assistance or accommodation of disabilities.

5. Investigative Report: The investigator will prepare an investigative report that fairly summarizes relevant evidence and send to each party and the party's advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response. If a party disagrees with an investigator's determination about relevance, the party may argue relevance in their written response, during the party's pre-hearing conference, and/or to the decision-maker at the hearing. If the report involves multiple complainants, multiple respondents, or both, Modern may issue a single investigative report.

If a party, after receiving and reviewing the investigation report, believes that an incorrect determination was made pursuant to the section regarding "Grounds for Dismissal of Formal Complaint," above, that party may submit to the Title IX Coordinator a written appeal of the decision that explains the basis for their objection within 3 calendar days of receiving the investigation report. The non-appealing party will be given 3 calendar days in which to provide a written response. The appeal will then be considered by an appropriately trained staff member designated by the Title IX Coordinator, and an appeal decision will be communicated in writing, to the parties, their advisors, and the Title IX

Coordinator within 3 calendar days.

In cases where there is an appeal at this juncture, the parties will have 10 calendar days from the date of the appeal decision to submit a written response to the Investigation Report. The written appeal and appeal decision will be included for consideration in the resolution process.

6. Equitable Treatment:

Complainants and respondents are eligible for Supportive Measures as defined within this Policy. Modern will not impose disciplinary sanctions against a respondent unless a determination of responsibility for Prohibited Conduct has been made against the respondent.

Modern will conduct an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence. Modern will not require, allow, rely upon, evaluate, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected by a legally recognized privilege (e.g., attorney client), unless the person holding such privilege has waived the privilege.

7. Bias and Conflicts of Interest:

Any individual designated by Modern as a Title IX Coordinator, investigator, decision-maker, or informal resolution process facilitator, must not have a conflict of interest or bias for or against complainants or respondents generally, or for or against an individual complainant or respondent.

The following will not be considered evidence of bias:

- The Title IX Coordinator's initiation of a formal complaint, or;
- An individual's decision that allegations warrant an investigation.

Modern will apply an objective (whether a reasonable person would believe bias exists), common sense

approach to evaluating whether a particular person serving in a Title IX role is biased, and will exercise caution not to apply generalizations that might unreasonably conclude that bias exists. An individual's current job title, professional qualifications, past experience, identity, or sex will not, alone, indicate bias.

Use of trauma-informed practices will not be considered evidence of bias when such practices do not:

- Rely on sex stereotypes;
- Apply generalizations to allegations in specific cases;
- Cause loss of impartiality, and;
- Prejudge of the facts at issue.

8. Presumption of Non-Responsibility: There is a presumption that a respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

9. Standard of Evidence: The standard of evidence for review of Formal Complaints under this Policy is preponderance of the evidence.

"Preponderance of the evidence" is a determination based on facts that are more likely true than not. In the preponderance of the evidence standard, where the evidence in a case is "equal" or "level" or "in equipoise," the preponderance of the evidence standard results in a finding that the respondent is not responsible.

The burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on Modern and not on the parties.

10. Consolidation of Formal Complaints: Modern may consolidate Formal Complaints as to allegations of Prohibited Conduct against more than one respondent, or by more than

RULES + REGULATIONS

one complainant against one or more respondents, or by one party against the other party, where the allegations of Prohibited Conduct rise out of the same facts or circumstances. The same facts and circumstances means that the multiple complainants' allegations are so intertwined that their allegations directly relate to all the parties.

11. Advisors during the Investigation:

Each party will have the right to bring an advisor of their choosing to any meetings or discussions relating to the investigation of a Formal Complaint. The advisor may advise the party directly and ask clarifying questions, but may not speak for the party or disrupt the investigation. If a party's advisor refuses to comply with restrictions set by Modern, Modern may require that the party use a different Advisor. This provision applies to all parts of the grievance proceeding except for the live hearing described in the section entitled "Hearing," below. For information about the role of Advisors during the live hearing, see the section entitled, "Advisors at Hearing."

Hearing

When the investigation is concluded, and the parties have had the opportunity to review the evidence and the opportunity to respond in writing to the draft investigation report as described in the section entitled "Investigation Report," above, Modern will facilitate a live hearing during which each party's advisor will be permitted to ask the other party and any witnesses all relevant question and follow-up questions, including those questions that challenge credibility. The Title IX Coordinator will appoint a person to serve as a trained decision-maker during the hearing. The decision-maker will not be the Title IX Coordinator or the individual who investigated the Formal Complaint. The decision-maker may also ask questions of the parties and

witnesses.

Hearings will be conducted with all parties physically present in the same geographic location or, at the discretion of Modern, any or all parties, witnesses, and other participants may appear at the live hearing virtually, with technology enabling participants simultaneously to see and hear each other.

Hearing witnesses will only participate in the Hearing when they are answering questions. They will not be permitted to observe or otherwise participate in the Hearing unless they are serving as an Advisor, as outlined below in "Advisors at Hearings."

Modern will create an audio or audiovisual recording, or transcript, of any live hearing and make it available to the parties for inspection and review.

1. Pre-Hearing Conference:

Each party will have their own Pre-Hearing Conference with the decision-maker prior to the hearing, which will be schedule no less than 10 days after the investigator has sent the investigative report to each party and the party's advisor. The Title IX Coordinator or decision-maker will communicate to the parties and their advisors the date, time, and format for their Pre-Hearing Conference.

The decision-maker and the advisor must be in attendance. While the parties are encouraged to attend, they are not required to do so.

During the Pre-Hearing Conference, the advisor must share with the decision-maker their list of witnesses to appear at the hearing, the identity of any requested witnesses that were not questioned during the investigation, the request for any new evidence to be considered that was not submitted previously to the investigators, and the availability of the advisor and the party for hearing dates.

Evidence and witnesses may only be presented at the hearing if they were submitted to the investigators and made available to the parties for review, unless they were unavailable at the time of the investigation or the relevance was unknown until the investigation report was submitted. The decision-maker will address any requests to present new evidence and new witnesses at the Pre-Hearing Conference.

The advisor is offered the opportunity to discuss lines of questioning with the decision-maker at the Pre-Hearing Conference to obtain guidance from the decision-maker on relevancy prior to the hearing. Additionally, the decision-maker will discuss the expectations and guidelines for appropriate behavior and decorum during the hearing.

After the conclusion of the Pre-Hearing Conferences, the Title IX Coordinator or decision-maker will provide each party and their advisor with written notice of the date, time, and manner for the hearing, which will typically occur no less than 10 days after the conclusion of the final Pre-Hearing Conference.

2. Advisors at Hearings: In order to question a party or witness at a hearing, a party must be accompanied by an Advisor. Parties will not be permitted to conduct cross-examination on their own. Modern will not limit the choice or presence of any advisor for a complainant or respondent, and the advisor of their choice may be, but is not required to be, an attorney. If a party does not have an advisor present at the live hearing, Modern will provide without fee or charge to that party, an advisor of Modern's choice, who may be, but is not required to be, an attorney, to conduct cross-examination on behalf of that party.

At the live hearing, the decision-maker will permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. Cross-examination at the live hearing will be conducted directly, orally, and in real time by the party's advisor of choice and never by a party personally. All questioning at the live hearing must be relevant, respectful, and non-abusive. No party will be "yelled" at or asked questions in an abusive or intimidating manner.

If a party's advisor refuses to comply with restrictions set by Modern, Modern may require that the party use a different Advisor.

3. Relevance: During the hearing, only relevant cross-examination and other questions may be asked of a party or witness.

The following is considered irrelevant:

- Repetition of the same question;
- Evidence that is duplicative of other evidence;
- Questions related to information that is protected by a legally recognized privilege, unless such privilege has been waived by the individual who holds the privilege;
- Questions related to a party's medical, counseling/psychological, and similar treatment records unless the party has given voluntary, written consent; and
- Questions related to information about the complainant's sexual predisposition or prior sexual behavior, unless:
 - The information is offered to prove that someone other than the respondent committed the Prohibited Conduct, or
 - The information concerns specific incidents of the complainant's prior

sexual behavior with respect to the respondent and are offered to prove consent.

Evidence will not be excluded at the hearing solely because it is unduly prejudicial, concerns prior bad acts, or constitutes character evidence. However, the Decision-Maker may objectively evaluate such evidence by analyzing whether that evidence warrants a high or low level of weight or credibility.

During the hearing, the decision-maker will first determine whether a question is relevant, and explain any decision to exclude a question as not relevant, before a complainant, respondent, or witness answers a cross-examination or other question.

Modern will not require parties to submit cross-examination questions before they are asked.

Decision-makers are not required to give a lengthy or complicated explanation of a relevancy determination during the hearing. The decision-maker may send to the parties after the hearing any revisions to the decision-maker's explanation that was provided during the hearing.

4. Weighing Credibility: The decision-maker will evaluate all admissible, relevant evidence for weight or credibility. The degree to which any inaccuracy, inconsistency, or implausibility in a narrative provided by a party or witness should affect a determination regarding responsibility is a matter to be decided by the decision-maker, after having the opportunity to ask questions of parties and witnesses, and to observe how parties and witnesses answer the questions posed by the other party. Corroborating evidence is not required. Credibility determinations are not based solely on observing demeanor, but also

are based on other factors (e.g., specific details, inherent plausibility, internal consistency, corroborative evidence). Cross-examination brings those important factors to a decision-maker's attention.

A party's answers to cross-examination questions can and should be evaluated by a decision-maker in context, including taking into account that a party may experience stress while trying to answer questions. Parties will not be unfairly judged due to inability to recount each specific detail of an incident in sequence, whether such inability is due to trauma, the effects of drugs or alcohol, or simple fallibility of human memory.

5. Decision: The decision-maker must objectively evaluate all relevant evidence, both inculpatory and exculpatory, and must independently reach a determination regarding responsibility without giving deference to the investigative report. The decision-maker has the right and responsibility to ask questions and elicit information from parties and witnesses on the decision-maker's own initiative to aid the decision-maker in obtaining relevant evidence, both inculpatory and exculpatory. The parties will have equal rights to present evidence in front of the decision-maker so the decision-maker has the benefit of perceiving each party's unique perspectives about the evidence. If a party or witness does not submit to cross-examination at the live hearing, the decision-maker will not rely on any statement (factual assertion to prove or disprove the allegations) of that party or witness in reaching a determination regarding responsibility. The decision-maker will not draw an inference about the determination regarding responsibility based solely on a party's or witness' absence from the live hearing or refusal to answer cross-examination or other questions.

RULES + REGULATIONS

Video evidence showing the conduct alleged within a Formal Complaint may be considered, even if the party performing said conduct does not submit to cross-examination.

In cases where a respondent's alleged verbal conduct is, itself, the conduct alleged to be Prohibited Conduct, statements regarding the alleged verbal conduct are not considered the respondent's statement for purposes of this section.

This is because the verbal conduct at issue does not constitute the making of a factual assertion to prove or disprove the allegations of Prohibited Conduct; instead, the verbal conduct constitutes part or all of the underlying allegations of Prohibited Conduct itself.

For example, where a complainant alleges that the respondent said to the complainant: "If you go on a date with me, I'll give you a higher grade in my class," and at the live hearing, the respondent does not submit to cross-examination.

This Policy does not preclude the decision-maker from relying on the complainant's testimony (or other evidence) that the respondent said those words to the complainant.

The words described by the complainant, allegedly attributed to the respondent, are themselves the misconduct that constitutes Prohibited Conduct under this Policy, and are not the respondent's "statement" (i.e., the respondent's intent to make a factual assertion).

Within 21 days of the hearing, the decision-maker will issue a written determination of responsibility. This determination will include:

- Identification of the allegations potentially constituting Prohibited Conduct

- A description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;

- Findings of fact supporting the determination;
- Conclusions regarding the application of the Policy to the facts;
- A statement of, and rationale for, the result as to each allegation, including:
 - a determination regarding responsibility,
 - any disciplinary sanctions Modern imposes on the respondent,
 - whether remedies will be provided by Modern to the complainant; and
- Modern's procedures and permissible bases for the complainant and respondent to appeal

The determination will lay out the evidentiary basis for conclusions reached in the case. The nature of remedies, if any, will not be included within the determination.

The determination will be provided to the parties simultaneously.

The determination regarding responsibility becomes final either on the date that the recipient provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

The determination regarding responsibility has been made. The Title IX Coordinator is responsible for effective implementation of remedies. Where the final determination has indicated

6. Sanctions and Remedies:

Sanctions that may be imposed include:

- Continuing "no contact" orders;
- Trespass order prohibiting presence on campus, at Modern-owned facilities, and/or at campus activities or events;
- Fines/work detail;
- Required counseling;
- Alcohol/drug assessment;
- Restitution/Restoration, where property has been damaged/stolen or funds have been misappropriated;
- Campus Restriction on behavior, access to certain campus facilities, participation in campus activities, housing restrictions, and/or scheduling restrictions;
- Social Probation
- Suspension of student;
- Dismissal;
- Written warning of employee;
- Suspension of employee, with or without pay;
- Termination of employment; and
- Cancellation of third-party contract.

When a determination of responsibility for Prohibited Conduct has been made, Modern will provide remedies to a complainant designed to restore or preserve equal access to Modern's education program or activity. Such remedies may include the same individualized services provided as supportive measures; however, remedies need not be non-disciplinary or non-punitive and need not avoid burdening the respondent after a determination of responsibility for Prohibited Conduct has been made. The Title IX Coordinator is responsible for effective implementation of remedies. Where the final determination has indicated

that remedies will be provided, the complainant can then communicate separately with the Title IX Coordinator or their designee to discuss what remedies are appropriately designed to preserve or restore the complainant's equal access to education. Remedies for a complainant which do not affect the respondent must not be disclosed to the respondent.

Non-Hearing Resolution Process

Where a case has been dismissed from the hearing process, the case will be resolved through a separate procedure depending on the status of the respondent. For student respondents, the case will be resolved through the Student Conduct process. For employee respondents, the case will be resolved through the employee discipline process. For other respondents, the Title IX Coordinator will assign a trained, impartial individual to conduct an investigation (if one has not been completed) and issue a decision based on a preponderance of the evidence, as well as sanctions if appropriate. If an Investigation has been completed under this Policy, that investigation shall suffice in lieu of an Investigation under any other process. The investigation requirements, hearing procedures, and appeals standards under this Policy shall not apply.

In situations where the allegations involve sexual assault, dating violence, domestic violence, or stalking, the parties will continue to have the following rights, regardless of which process is used to resolve the case:

- Continued access to Informal resolution procedures until a determination is reached as to whether a Policy violation occurred;
- Continued access to supportive measures;
- Procedures are conducted by officials that receive annual training on issues

related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an Investigation (and hearing process, if applicable) that protects the safety of the parties and promotes accountability;

- Continued ability to bring an advisor of choice to any related meeting or proceeding, who shall still be subject to the behavioral restrictions in this policy unless granted additional rights under the other procedure;

- Both parties receive simultaneous written notice of the result of the disciplinary proceeding, the procedures for appeal (if any apply under the given procedure) and equal access to such appeal process, any changes to the result, and when such results become final.

Appeals

Complainants and respondents may appeal the decision-maker's determination regarding responsibility within five (5) business days from the date of the written determination described in "Decision," above. Complainants and Respondents may also appeal Modern's dismissal of a Formal Complaint or any allegations therein within five (5) business days from the date of the written notice of dismissal described in "Grounds for Dismissal of Formal Complaint," above.

Modern will notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties. The non-appealing party will have five (5) business days from the date of the written notice of the appeal to submit a written statement in response to the appeal.

Grounds for appeal include:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was

made, that could affect the outcome of the matter;

- The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; and
- Severity of the sanction is disproportionate to the prohibited conduct.

All grounds for appeal will be available to all parties.

The decision-maker for the appeal will not be the same person as the decision-maker that reached the determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator. The decision-maker for the appeal will issue a written decision describing the result of the appeal and the rationale for the result and provide the written decision simultaneously to both parties within 10 business days of the date the non-appealing party's written response to the appeal is received.

Record-Keeping

Modern will retain all records of each investigation instituted under this policy for seven (7) years. Records will include all documents, recordings, or transcripts from investigations, hearings, appeals, and informal resolutions, as well as records of any actions taken in response to a report or Formal Complaint of Prohibited Conduct, including consideration of supportive measures. Modern will document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to Modern's education program or activity. If the College does not provide a complainant with supportive measures, then the College will document the reasons why such a response was not

RULES + REGULATIONS

clearly unreasonable in light of the known circumstances.

The first date of the first record created by Modern will begin the seven year retention period. Records will be maintained for all investigations including investigations that have been dismissed, completed, or otherwise resolved.

Modern will also maintain and publish on Modern's website training materials of employees who serve as Title IX Coordinators, investigators, decision-makers, and persons who facilitate informal resolutions.

Education and Training

Modern conducts annual training on sexual harassment, sexual misconduct, dating violence, domestic violence, and stalking for all faculty, staff, and Board of Trustee members. Students are provided with various training opportunities, and all student athletes receiving training on Title IX.

The Title IX Coordinator, investigators, decision-makers, and any person who facilitates an informal resolution process, will receive training on the definition of sexual harassment, the scope of Modern's education program or activity, how to conduct an investigation and grievance process including hearings, appeals, and informal resolution processes, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. This includes how to apply the definitions with respect to consent (or the absence or negation of consent) consistently, impartially, and in accordance with this policy.

Investigators will receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.

Decision-makers will receive training on any technology to be used at a live hearing and on issues of relevance of questions and evidence, including when questions

and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant.

Any materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment.

Training materials for training under this section will be made publicly available through Modern's website. Published training materials will be up-to-date and reflect the latest training provided.

The Title IX Coordinator, investigators, decision-makers, and any person who facilitates an informal resolution process, will receive annual training on issues related to dating violence, domestic violence, sexual assault, and stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.

ADDENDUM TO THE CATALOG

This addendum to the 2019-2020 Catalog & Student Handbook, published on January 6, 2021, includes grading, attendance, late assignment, and leave of absence policy updates, plus changes to faculty and staff.

GRADING POLICY

The Modern grading scale:

90-100 A Excellent

80-89 B Good

70-89 C Satisfactory

0-69 F Failing

Students receive grade reports at the end of each term. Students also have Online access to grades through Canvas, starting on their first day of classes.

ATTENDANCE POLICY

Residential, Day Courses

The Modern automatically withdraws students from any day course if they exceed five unexcused absences.

Residential, Evening Courses

The Modern automatically withdraws students from any evening course if they exceed four unexcused absences.

Online Courses

The Modern automatically withdraws students from any Online course if they exceed three unexcused absences.

PRO299 Externship Course

The Modern automatically withdraws students from the PRO299 Externship course if they exceed two unexcused absences.

PRO499 Co-Op Course

The Modern automatically withdraws students from the PRO499 Co-Op Course if they exceed four unexcused absences.

When The Modern automatically withdraws students from any course due to violating the attendance policy, the withdrawal policy applies.

The Modern offers two class delivery styles, residential and Online.

THE MODERN COLLEGE of DESIGN

For the spring semester, 2021, The Modern will offer all residential classes remotely. The term remote refers to synchronous educational delivery where faculty and students meet face to face through video conferencing software. Online courses are delivered asynchronously through distance education, using the Internet and a learning management system.

A student is considered absent for all remote classes if not in the assigned virtual classroom at the beginning of each class period.

The Modern defines the beginning of the class period by the exact scheduled start time. Students out of class for 10 minutes or longer without gaining verbal permission from their instructor will be marked absent. Sleeping during class is not permitted. If an instructor observes a student sleeping, the instructor immediately dismisses the student for the remainder of the class period. The instructor records the dismissal as an unexcused absence.

For all Online courses, instructors take weekly attendance in asynchronous courses. To be considered present during class, students must participate in a way that can be documented by the instructor. Each instructor will communicate their attendance and participation requirements to their students. Examples of participation include but are not limited to: posting comments in a group chat or responding to questions in a discussion forum.

Excused Absences

The following is a list that includes, but is not limited to, absences from regular classes that The Modern might excuse.

All decisions regarding excused absences from regular classes are at the discretion of the Vice President of Student Affairs. Students must submit formal documentation within seven days of the student's return to classes to verify that the excused absence meets the requirements listed here. Documentation must include a phone number, which The Modern may call for verification.

- Hospital care/surgery
- Medical appointments
- Funeral service and visitation
- Required court appearance
- Jury duty
- Suspected or confirmed COVID-19 cases/symptoms.

This list is subject to change at any time. The Modern evaluates excused absences at the discretion of the Vice President of Student Affairs.

LATE ASSIGNMENT POLICY

If a student in an Online or remote course submits a project or assignment after the deadline, the assignment is considered late. The instructor may deduct points from the grade or offer partial credit on the assignment.

LEAVE OF ABSENCE POLICY

A leave of absence (LOA) is a temporary interruption in a student's program of study. LOA refers to the specific period during a program when a student is not in attendance. Students who wish to take a Leave of Absence from The Modern to complete the program at a later date can take a leave of up to but not to exceed 180 days. Students may choose to take a leave of absence for various reasons, including health or financial reasons or other life circumstances.

Students may take one leave of absence from The Modern for a maximum of 180 days per 12-month period. Student modern.edu email addresses remain active during the student's leave of absence. Any revisions or addendum to The Modern's curriculum, policies, or procedures apply to students returning from a leave of absence.

In compliance with federal student aid regulations, 34 CFR 668.22 (d), regarding the process for students requesting a leave of absence states:

The student must request, and the school must approve the LOA in accord with the school's policy.

There must be a reasonable expectation that the student will return from the LOA.

The school may not assess the student any additional institutional charges; the student's need may not increase, and, therefore, the student is not eligible for any additional Title IV aid.

Together with any other leaves of absence, the LOA must not exceed a total of 180 days in any 12 months.

Except in a clock-hour or non-term credit-hour program, a student returning from an LOA must resume training at the same point in the academic program that he or she began the LOA (see guidance on the impact of this requirement due to COVID-19 below in CARES Act Updates).

If the student has a Title IV loan, the school must explain to the student, before granting the LOA, the effects their failure to return from an LOA may have on the loan repayment terms, including the expiration of the grace period.

Requesting a Leave of Absence

First, students are encouraged to meet with The Vice President of Student Affairs to discuss their options and learn how a leave of absence will affect their progress through the program and their projected graduation date. Next, students must complete a leave of absence form and submit a written statement that explains the reason for the LOA request. The administration must receive a leave of absence form and written statement before the LOA begins. Students can submit documents using their student email account.

Returning From a Leave of Absence

Students returning from a leave of absence must contact the Vice President of Student Affairs no less than 15 days before the term begins to complete the financial aid process and schedule courses. If a student is absent more than the 180 days allowed by the Leave of Absence Policy, The Modern will withdraw the student for Title IV purposes, and The Modern's Readmission Policy will apply.

CARES Act Updates to Leave of Absence Federal Requirements Section 3508 of the CARES Act waives the requirement for term-based programs that a student returning from an approved leave of absence (LOA) must resume training at the same point in the academic program that they began the LOA. This flexibility makes it practical to use LOAs for term-based institutions for students who cannot continue attending due to a COVID-19 related circumstance.

The tuition and fees component of the cost of attendance (COA) for any subsequent term or award year

in which a student returns from the approved LOA may not include the tuition costs for coursework he or she was taking when the LOA began. However, even if The Modern enrolls a student in no additional credits, the COA for a subsequent term or academic year may consist of living expenses.

Credits associated with the coursework a student is completing upon return from an approved LOA may count toward that student's enrollment status.

Usually, such requests are received and approved before the student beginning any LOA.

For all leaves of absence granted due to COVID-19 related circumstances, an institution may approve, and students may begin a leave of absence before submitting a written request for an LOA (Students must submit LOA requests subsequently).

COURSE DELIVERY AND CANCELLATION POLICY

Courses for online programs are delivered in an online, asynchronous format.

These courses are self-paced with various deadlines throughout each week.

Online courses are delivered in 8-week and 16-week terms.

Courses for residential programs are delivered either in-person or in an online, synchronous format. These courses will meet either on campus or via a virtual online meeting room, multiple times a week. Residential courses are typically delivered in 16-week terms.

If a residential course is canceled, The Modern might enroll students in an online, asynchronous section of the course.

If an online course is canceled, Student Success Advisors will assist students in re-registering for the course.

COURSE PREREQUISITES

ELT301 Design Electives, 3 credits

Students choose two electives that may include but are not limited to branding, UI/UX, UI/UX research, video, and motion design.

A prerequisite course, ELT201, is required for UI/UX, video, and motion design courses.

FACULTY + STAFF

The following staff members no longer work at The Modern: Molly Baker, Lauren Burtscher, David Grossman, Andy Sharpe, and Doug Toles.

ADDENDUM TO THE CATALOG

This addendum to the 2020–2021 Catalog & Student Handbook, published on May 27, 2021, includes late policy and attendance policy updates.

LATE POLICY

If a student submits an assignment within one calendar week (seven days) of the due date, the instructor deducts ten (10) percentage points from the grade earned on the assignment. For example, if a student turned in an assignment one calendar week late and earned a grade of 87%, the grade is lowered to a final grade of 77%. If a student submits the assignment more than one calendar week late, the student receives zero (0) points for the assignment. The Modern will not accept assignments after the last day of the semester.

In all GRD299 Portfolio courses, if a student submits an assignment within 72 hours of the due date, the instructor deducts ten (10) percentage points from the grade earned on the assignment. If a student submits the assignment more than 72 hours past the initial deadline, the student receives zero (0) points for the assignment. The Modern will not accept assignments after the last day of the semester.

Only the student may turn in the assignment. In other words, no other person may turn in the assignment for the student. It is the student's responsibility to turn in the assignment to the instructor (in person, on the server, or through email, depending on the assignment specifications). It is not the responsibility of The Modern instructor to request the student to turn in the assignment.

ATTENDANCE POLICY

Residential, Day Courses

Students with four unexcused absences from a course will automatically drop a letter grade (10 percentage points) in that course. The Modern will withdraw students from a course with more than four unexcused absences from that course. The Modern will withdraw students from a course with eight or more excused or unexcused absences from that course.

Residential, Evening Courses

Students with three unexcused absences from any course will automatically drop a letter grade (10 percentage points) in that course. The Modern will withdraw students from a course with more than three unexcused absences from a course. The Modern will withdraw students from a course with five or more excused or unexcused absences from that course.

Online Courses

Students with two unexcused absences from any course will automatically drop a letter grade (10 percentage points) in that course. The Modern will withdraw students from a course with more than two unexcused absences from that course. The Modern will withdraw students from a course with five or more excused or unexcused absences from that course.

PRO299 Externship Course

The Modern automatically withdraws students from the PRO299 Externship course if they exceed two unexcused absences.

PRO499 Co-Op Course

The Modern automatically withdraws students from the PRO499 Co-Op Course if they exceed four unexcused absences.

When The Modern automatically withdraws students from any course due to violating the attendance policy, the withdrawal policy applies.

A student is considered absent for all residential classes if not in the assigned classroom at the beginning of each class period. The Modern defines the beginning of the class period by the exact scheduled start time. Students out of class for 10 minutes or longer without gaining verbal permission from their instructor will be marked absent. Sleeping during class is not permitted. If an instructor observes a student sleeping, the instructor immediately dismisses the student for the remainder of the class period. The instructor records the dismissal as an unexcused absence.

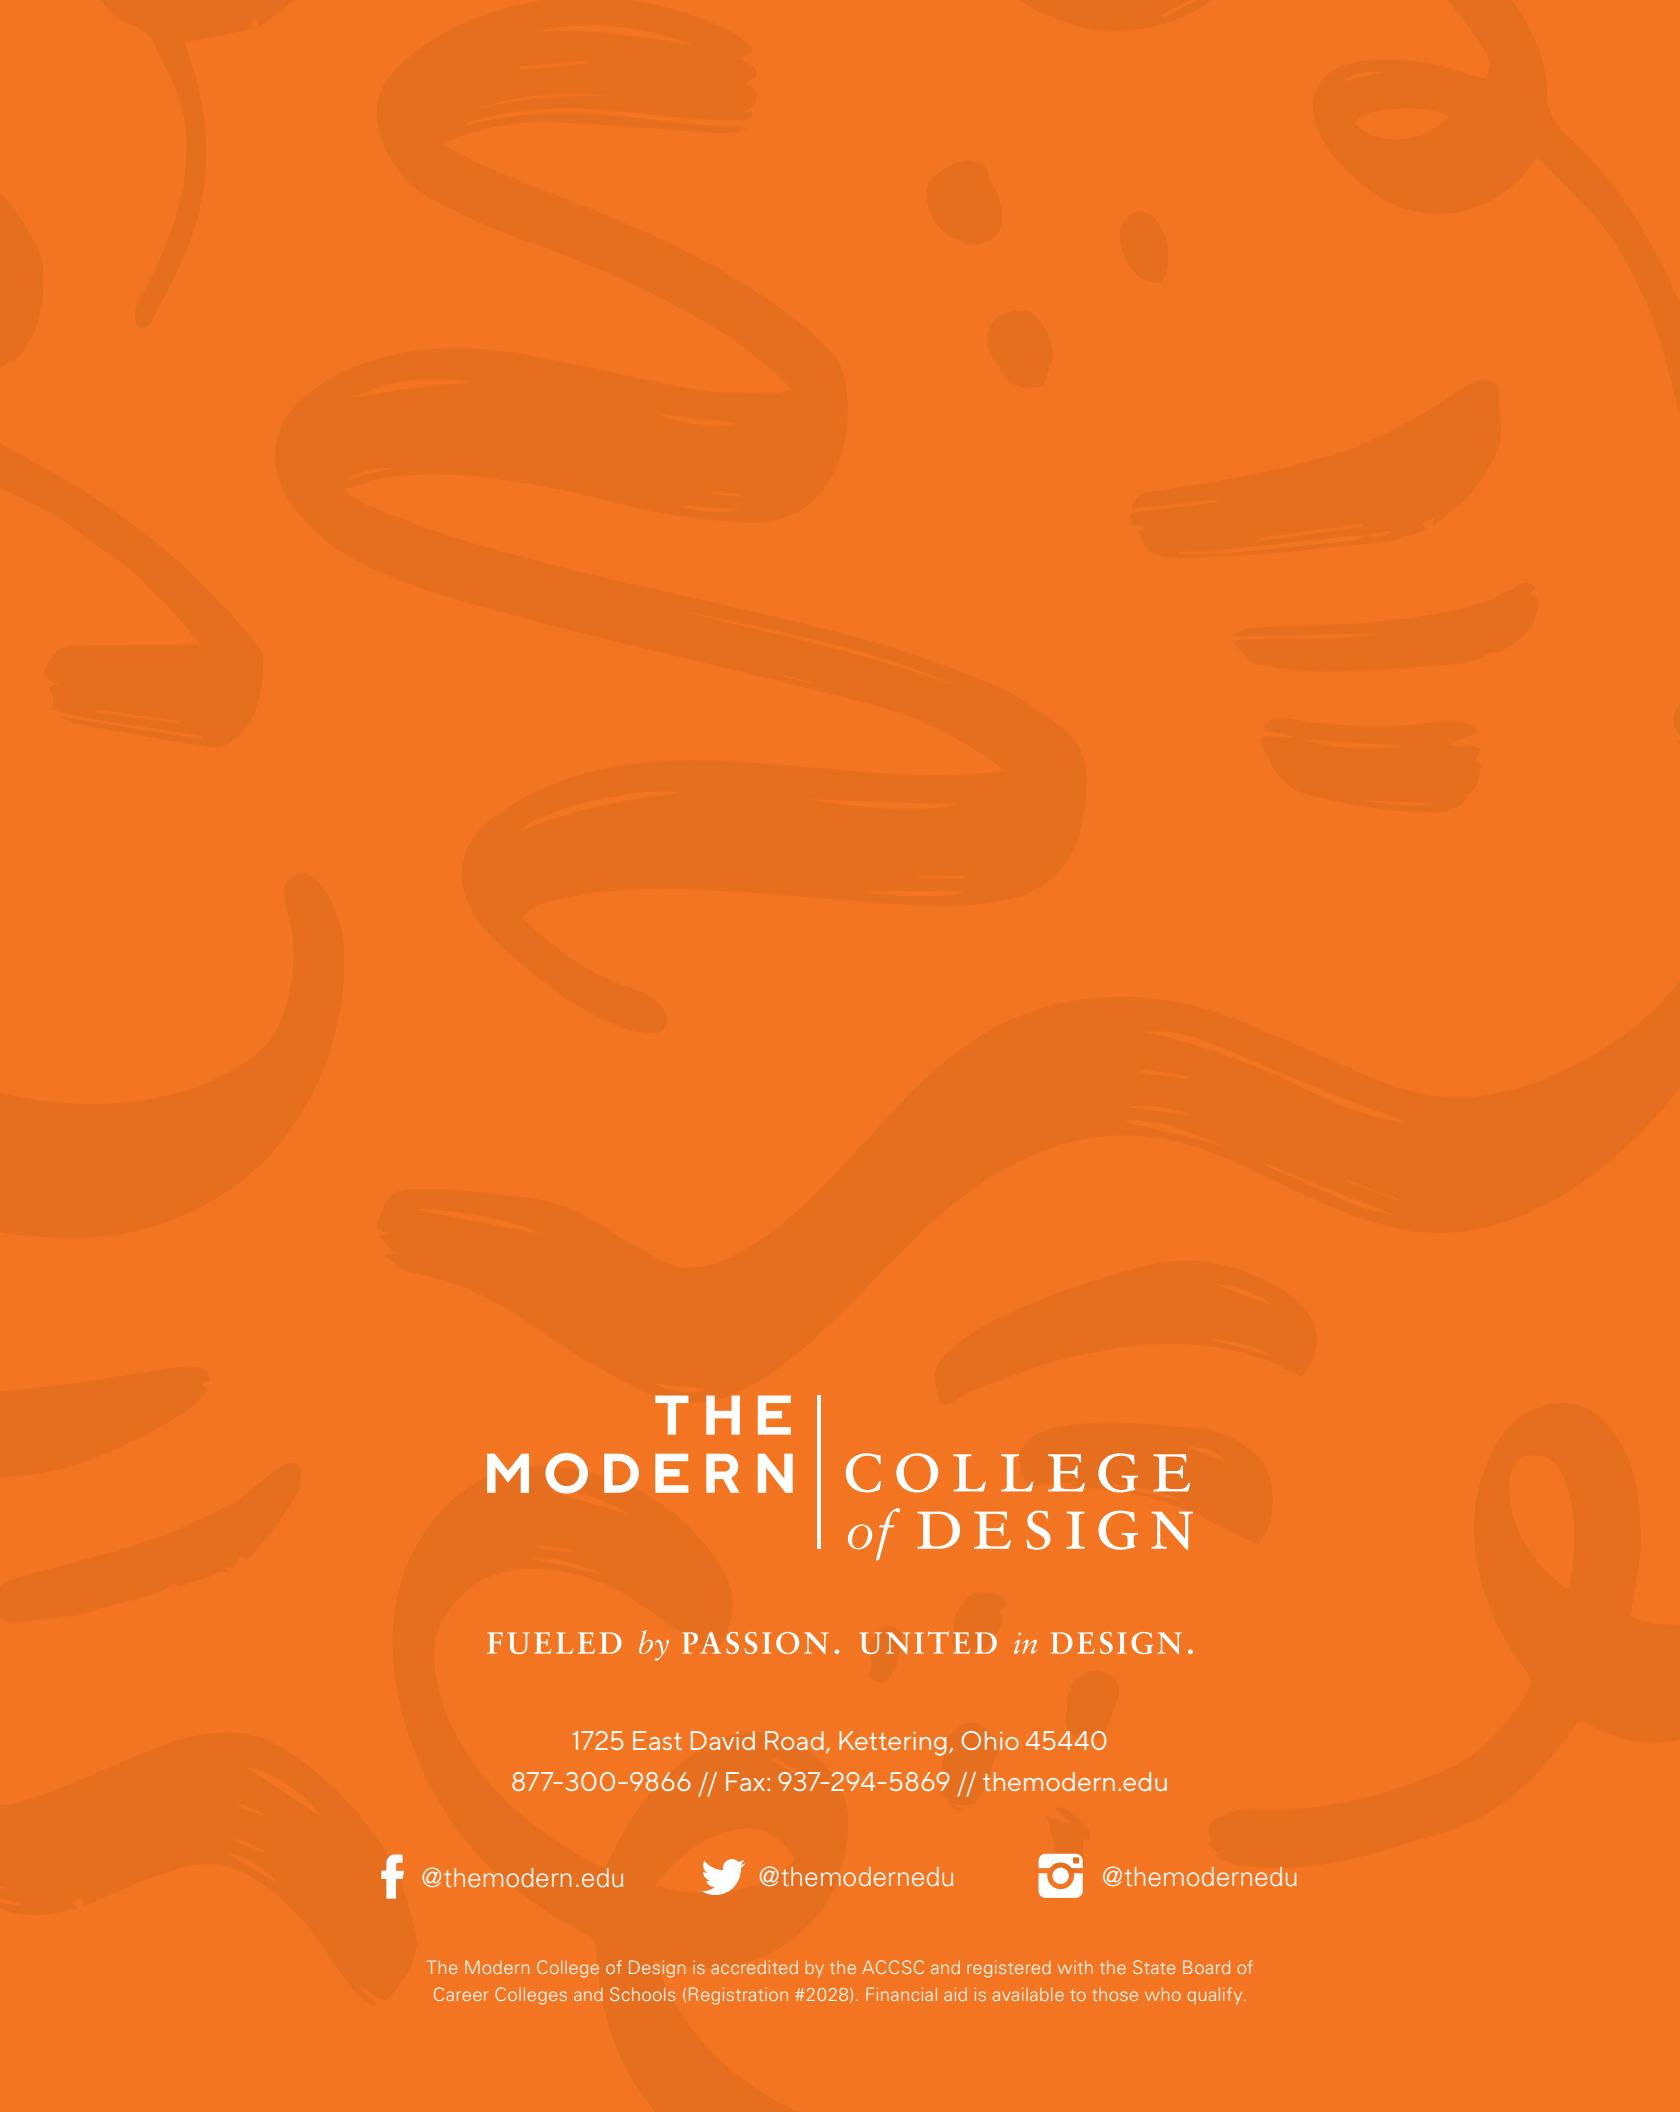

For all Online courses, instructors take weekly attendance in asynchronous courses. To be considered present during class, students must participate in a way that the instructor can document. Each instructor will communicate their attendance and participation requirements to their students. Examples of participation include but are not limited to: posting comments in a group chat or responding to questions in a discussion forum.

Excused Absences

The following is a list that includes, but is not limited to, absences from regular classes that The Modern might excuse. All decisions regarding excused absences from regular classes are at the discretion of the Vice President of Student Affairs. Students must submit formal documentation within seven days of the student's return to classes to verify that the excused absence meets the requirements listed here. Documentation must include a phone number, which The Modern may call for verification.

- Hospital care/surgery
- Medical appointments
- Funeral service and visitation
- Required court appearance
- Jury duty
- Suspected or confirmed COVID-19 cases/symptoms.

This list is subject to change at any time. The Modern evaluates excused absences at the discretion of the Vice President of Student Affairs.
